TO CHOOSE TICKET

NATIONAL PROHIBITIONISTS IN SESSION.

CONVENTION ON IN CHICAGO

WILL NOMINATE A NATIONAL TICKET.

THREE OUT FOR PRESIDENT

POLITICAL CONVENTIONS IN OTHER PLACES.

Chicago, June 27.—The national convention of the prohibition party met today in the First Regiment armory, Sixteenth street and Michigan avenue. Of the 1,034 delegates who were entitled to seats in the national convention, more than three-fourths were in attendance when Chairman Oliver W. Stewart, of the national executive committee, called the convention to order this morning, and it is expected that by tomorrow, when nominations for president and vice president will be made, that nearly a thousand representatives of the party will be present to take part in the choosing of the national leaders. Nearly all of the eastern and central western states had full delegations present, the absentees in most instances being from southern and Pacific coast states.

It was exactly 10:30 a. m. when Chairman Stewart, of the national committee rapped for order. At that time nearly all the delegates were in their seats, while the galleries surrounding the big drill room of the First regiment were filled with spectators. Just previous to the fall of the gavel the delegates from the New England states marched into the hall in a body, each delegate carrying a canteen with the letters "U. S." inverted and bearing the legend "Anti-canteen."

They were liberally applauded. After the convention had come to order Chairman Stewart proceeded to deliver his formal address.

CHAIRMAN'S ADDRESS

He spoke in part as follows:

It affords me great pleasure, in calling this convention to order, to congratulate you on this great gathering. The prohibition party is not dead. It is not asleep. It is wide-awake and full of life. Slowly but surely has the realization come to us all that this year affords the greatest opportunity in the history of the party.

I have said often that if we had the spirit of 1888 or 1892, along with the opportunity that 1900 brings to us, we could poll a million votes. I have said that in the past, doubting whether we could succeed in raising the party to the zeal and enthusiasm of those years. This convention proves beyond doubt that the task is not an impossible one.

This is to be a history-making convention, and you who are here as delegates to participate in its deliberations occupy positions of no small honor and responsibility. That you will discharge your duties in a proper manner is not doubted. I am confident that your platform declarations will be acceptable to all the members of the party. It is not an easy thing to prepare a platform upon which a great reform organization is to go before the country, but our duty is so clear and so plain this convention could not go far astray.

We are not for the overthrow of the liquor traffic. We intend that the American saloon shall be outlawed. On that account we have withdrawn ourselves from the other parties and have banded ourselves together as prohibitionists.

We are agreed that the saloon ought to die and upon that declaration we are ready to face the world. This convention is to nominate candidates for our party. There are many able men from whom to make this selection. It is a source of rejoicing to know that whatever contest there may be for the honors of this convention it will be, on the part of all, a friendly rivalry. It, in its wisdom, the convention chooses as its standard bearer him who lives in the city by the lake, the mention of whose name always thrills our heart, he will be loyally followed by prohibitionists beyond the Alleghenies and Rockies, as well as by those of the great Mississippi valley.

Should your choice be him who will be named by the Keystone state, your support will not be less enthusiastic and if southern Illinois is to have this honor in the person of her favorite son, the nomination will meet with a hearty response from all portions of the land.

I feel it an honor to call this convention to order. Following our time honored and proper custom, we will come first to the throne of Grace and ask the help of Him who holds the destinies of nations in his hand to guide us in all deliberations of this convention.

Chairman Stewart then introduced Dr. John H. Hill, of Chicago, who delivered a lengthy address of welcome. Several members of the first prohibition convention, which was held in Chicago in 1869, were in the hall, some of them as delegates, and at Dr. Hill's request they were escorted to the platform.

Chairman Stewart then announced temporary officers as follows:

Chairman—Samuel Dickie, of Michigan.

Secretary—A. E. Wilson, Chicago.

Assistant Secretaries—Colonel Jellis, of Tennessee, and E. B. Sutton, of Idaho.

Chairman Dickie made a brief speech outlining the work to be done by the convention.

ASSAILED ADMINISTRATION.

"I believe the prohibition party is on the eve of important events," said Mr. Dickie. "We represent a reform which makes all national reforms pale into insignificance or disappear altogether. The democratic party stands for the continuance of the liquor traffic; the republican party stands for its perpetuation."

Mr. Dickie bitterly assailed the national administration for its position on the canteen law and charged it with "debauching the peoples of its new possessions in the Philippines."

He also accused the government with using its consular service for gathering information for the use of distillers and brewers. At the conclusion of Chairman Dickie's speech the rules and order of business were adopted and committees were announced.

A recess was then taken until 2:30 o'clock.

Nearly 2,500 prohibitionists, including the delegates to the national convention and to the state convention, which met here yesterday, gathered at the Palmer house and marched through the down town streets to the First regiment armory.

Previous to the parade the reception committee had met Joshua Levering, of Pennsylvania, prohibition candidate for the presidency in 1896, who arrived this morning, and escorted him to the Palmer house.

THREE CANDIDATES.

Three avowed candidates for the presidential nomination are in the field—John D. Wooley, of Chicago, editor of the New Voice, and a prominent platform advocate of the cause of prohibition; Hale Johnson, of Newton, Ill., and Rev. Silas C. Swallow, of Harrisburg, Pa.

The latter has a high reputation as a pulpit orator and had many supporters among the delegates from the eastern states. Friends of Mr. Wooley express themselves as being confident of his nomination on the third or fourth ballot, claiming for him the almost solid support of the Michigan, Wisconsin, Maryland, Missouri and Nebraska delegates, a majority of the votes of the New York, Kansas, California and Ohio delegates, and half of the vote of Illinois. Last night Mr. Wooley was also assured of the support of the Delaware delegation, a representative of that delegation asking to be allowed to place Mr. Wooley in nomination.

This, according to Mr. Wooley's partisans, practically assures him the nomination. For Hale Johnson, the votes of North and South Dakota delegations are solid, a majority from Minnesota, and half of Illinois, besides scattering votes from other states were assured. A majority of the votes of the New England state, Colorado, Pennsylvania and Indiana delegation were claimed, the Indiana delegates desiring the nomination for president of an eastern man on account of the vice presidential boom for Felix F. McWhirter, of Indianapolis.

For vice president, besides Professor McWhirter, Henry B. Metcalf, of Rhode Island; W. B. Witherspoon, of Alabama, and W. W. Smith, of New York, are candidates.

The vice presidential nomination, however, probably will be governed entirely by the result of the balloting for president, the nomination of a western man being almost certain to result in the choice of an eastern man for second place on the ticket, and vice versa.

TO PETITION DEMOCRACY.

It developed yesterday that the prohibitionists of the United States expect to go before the democratic nation convention at Kansas City July 4 with a list of 1,000,000 voters pledged to support William J. Bryan if the democratic party will adopt a prohibition plank in its platform. Not even the advocates of this movement expect the democratis to favor such a plank, but they believe and insist that it will be the entering wedge which will finally split one or the other of the two great parties and build upon the ruins the foundation of a new party.

The plan of pledging 1,000,000 voters by a signed agreement to support no candidate who would not stand firmly on the prohibition issue originated with the Ram's Horn.

TALKS OF THE PLAN.

W. D. Turney, delegate-at-large from Tennessee, who was the nominee of his party for governor in 1898, arrived at the Palmer house yesterday. He said:

"The prohibition question is as much a question of sound politics as was the abolition question. In 1858 the whig and democratic conventions both declared that abolition was a moral and not a political question. There was no warning word from 1,000,000 pledged voters, but the republican party arose upon the ruins of whiggery and took for its leading issue abolition. We hope that our cause will parallel that of abolition. We care less for the success of our party than for the success of our cause."

Many of the delegates assembled at the Palmer house yesterday, who heard for the first time that 1,000,000 pledged voters would go before the democrats July 4, wanted to know why they had not gone before the republican convention at Philadelphia. Inquiry proved that the list of pledgers was not complete at that time, but it was agreed that it would be useless to expect concessions from the republicans after what some described as the "craven inaction of President McKinley in refusing to abolish the army canteen when he had a chance."

TOM SHARKEY WAS WHIPPED

GUS RUHLIN TOO MANY FOR THE SAILOR LAD.

End Came in the Fifteenth Round, but It Was the Akron Boy's Fight All the Way.

New York, June 27.—For the first time in his pugilistic career Tom Sharkey went down to decisive defeat last night in the historic arena of the Seaside Athletic club, and big Gus Ruhlin, the Akron (Ohio) pugilist, was his conqueror. It was a clean knockout after fifteen rounds of fighting that made a memorable ring battle. Even in the matter of aggressiveness Ruhlin led from the face-off in every feature of the game and at all times had the fight well in hand.

Sharkey did not give up his place in the line of first-class heavy weights without a desperate struggle. No soldier ever gave more desperate battle, no man sinking to unconsciousness ever clung more determinedly to his vitality. Even at the end, when blinded by the blows of his powerful opponent and dulled mentally by the battering of his foe, he clung instinctively to the massive frame of the man who was his master.

The decisive battle and unexpected result were truly a surprise for the sporting public. No line of form that could be figured gave the Ohioan more than a one-to-two chance. Sharkey had met and at least stood off all of the leading heavy weights now in the ring.

A DRAMATIC FINISH.

The finish was dramatic. Sharkey had struggled through the fourteenth round by desperate effort and was but little revived when he came up for the fifteenth. He made a wild try with his left.

Ruhlin sprang in and beat the Irishman down to the floor with a volley of punches. The resolute fighter struggled to his feet and when Ruhlin came in clutched him around the waist. Ruhlin shook him off and dropped him again.

A thousand men, frenzied in their excitement, surrounded the ring, and there was a din of hoarse yells. Sharkey scrambled up again and then staggered against the ropes.

Ruhlin seemed unable to finish him and that would have been a charity. Sharkey went down for the third time, and with dogged determination staggered to his feet. He was blind and unsteady and a punch put him down. The referee stepped in and ended the contest.

DALY-BURK CONTEST.

On Friday evening at the Princess rink Joe Daly, of Atlanta, Ga., and Thomas Burk, of this city, will meet in a sparring contest which will be limited to twenty rounds, the decision to be given on the points made by the respective contestants. This will without doubt be the cleverest bout seen in Fort Wayne since the celebrated White-Siddons contest about eight years ago. The affair is being given under the auspices of the Summit City Athletic club. Daly writes the club from Cincinnati that he is in excellent form and is in shape to give the exhibition of his life. He is the champion welter-weight of the south, and Burk has been seen here on several occasions in events given by the St. Joe Athletic club. The exhibition Friday night has attracted considerable attention throughout this section of the state and applications for a considerable number of tickets have been received from abroad.

OIL AND GOLD MINES

Visitors Speak of the Food Used.

Major Desborough, writing from Fresno, Cal., says: "I found Grape-Nuts food 45 miles in the mountains in an old oil camp, where the whole crowd, 10 men, eat it for breakfast every day and every Sunday have it in a pudding for dinner."

Gen. E. C. Machen, an old confederate soldier, has just returned from an extended trip through the southwest and along the Mexican border, investigating mining properties. He says: "No matter where I traveled I always found it possible to get Grape-Nuts and Postum Food Coffee, of which I am very fond."

The Grape-Nuts breakfast food is especially valued by campers and frontier people, as it is already cooked and ready for instant service, and being concentrated, furnishes unusual strength and nourishment, in a small quantity. It is believed that a man can travel farther and exercise more continuously on a few teaspoons of Grape-Nuts than on like quantity of any other food known.

The reason for this is that there are selected elements in Grape-Nuts that furnish direct to the brain and nerve centers the necessary particles to rebuild the delicate gray matter contained in these parts, therefore a man constantly fed on Grape-Nuts is absolutely certain of a good condition of the nervous system, which is really the controller of the entire body.

MARRIED A MILLIONAIRE.

Mrs. Elizabeth Churchill Mayer, former wife of George J. E. Mayer, both residents of this city at one time, was united in marriage to Albert G. Spalding, the millionaire sporting goods dealer, on June 23d. The bride and groom were schoolmates in the '60's at Rockford, Ill., and were at one time engaged, but the match was broken off and each married. While the British cordon is being drawn around Steyn's forces in the Orange state there seems to be a total lack of ability to get DeWet to stay within the cordon.

As to the proposition that the United States shall hold Wu-Ting-Fang, the Chinese minister, as a hostage for the safety of Minister Conger, the question arises. if the Chinese mob should kill Mr. Conger what would we do with Mr. Wu?

The charge is openly made by the correspondent of the Chicago Times-Herald, that the sum of $5,000 was paid a member of the platform committee at Philadelphia to sneak the little word "Isthmian" for the little word "Nicaragua" in the interoceanic canal plank. The correspondent makes the statement on what he claims to be personal knowledge of the facts.

Reports from Manila state that General MacArthur's amnesty proclamation. which has been posted generally throughout the islands of Panay and Luzon. has failed as yet to produce any results. The natives generally insist that the question of the friars must be settled before they will lay down their arms. At present it is understood to be in abeyance pending investigation by Judge Taft. This would seem to indicate that the work of the joint commissioners of the administration and the vatican. Archbishop Chapelle. has not been so far successful in adjusting the difficulty.

WIPE THEM ALL OUT.

One might be led to think from some discussions of the question that the difference between the "new" policy game and the "old" policy game was distinguished by some honorable merit in favor of the "new."

The public is not interested in this distinction. Policy is policy, and it is a species of gambling that ought to be wiped out of Fort Wayne forthwith

The "old" policy is not any worse than the "new" policy game and it is not any better. Each is about the worst that could be.

It does not cut any figure what the mayor intends to do about the "old" game or the "new" game. What is he going to do about policy gambling wherever found in Fort Wayne? What is he going to do about policy in this city, no matter who is back of the game?

The public is not so much interested in whether "Jake" or "John" or some other gambler is back of the "old" game or the "new" game, as that the mayor shall put them all out of the business for good in this city.

THE MAYOR AND GAMBLING.

Mayor Scherer is always going to do something. He is continually striking out into the empty air of the future, but never delivering straight from the shoulder when he has his object within arm's reach in front of him.

He has repeatedly announced that he would suppress gambling. A day or two ago he declared he would suppress policy gambling in Fort Wayne. He warned policy gamblers that the next time they were brought into his court he would give them the limit.

Why did Mayor Scherer decide to wait until "the next time?" Why did he not "give them the limit" right there and then?

Instead of fining the gamblers the full penalty the law permits him to impose, he assessed one-fifth of the limit. This seems to us to strikingly illustrate the mayor's attitude and purpose.

One part of punishment and four parts of leniency do not make a very drastic compound for the cure of an obstinate chronic moral disease like public gambling.

There was one-fifth of purpose to suppress the gamblers and four-fifths of disposition to let them go.

Does Mayor Scherer really believe that he will wipe out the policy gamblers that way, or does he complacently think that such obvious faltering will serve to fool the people and keep himself on good terms with the gamblers?

If Mayor Scherer is going to wipe the evil out of this city there is but one way to go about it—but one way an official who is honest, brave and determined in his purpose would go about it—and that is to convict the gamblers as often as can be done and fine them as heavily as the law allows.

The way to suppress gambling is to suppress it.

The mayor always has temporized with the issue and he is doing that now. He has come to the point when he must disclose whether his hand or the hand of the gambler holds the power in the city hall.

AGAIN AFTER THE MAYOR.

[This Morning's Journal-Gazette.]

We hope you are honest in your proclamation against gambling and we certainly will be the last to doubt it.

There has been no evidence of the "new game" on the streets for three or four days, indicating that it is crushed out, but while you were addressing Jacob Bickel, the chief policy shark, in police court yesterday and warning him to quit business, his men were writing policy slips in the saloons, hotels, barber shops, restaurants and shady places about the city, for only four of his seven or eight collectors were arrested, and the men arrested worked their regular routes.

Mr. Bickel, who should have been fined, boasted in public places that he would not stop dealing policy, and as proof of it cited that you had not and would not publicly instruct the police officers to pursue the policy workers into their haunts and arrest them.

We hear it said that the Louisville policy gamblers have money enough to debauch the city. Is it a fact?

Is it a fact that you dare not arrest and fine this impudent lawbreaker and gambler, Bickel?

ANNUAL MEETING UNDER WAY AT WINONA.

MANY NOTED WRITERS THERE

INTERESTING PROGRAM FOR PRESENTATION.

SCHOOL MEN ARE AT WINONA

STATE MEETING OF COUNTY SUPERINTENDENTS.

Winona Lake, Ind., June 27.—The Western Association of Writers is in session here, the first meeting, which was in the nature of a reunion, being held Monday night. Two regular sessions were held today. The general subject for yesterday's meetings was "The Literary and Scientific Development of the Territory Northwest of the River Ohio for the Past One Hundred Years," and all the papers and addresses were along that line. In the morning Miss Nicholson, of Wisconsin, delivered an address on "Wisconsin's Development and Place in Western Literature. With Illustrations." Alice E. Bartlett, of Michigan, represented that state with a paper on "Michigan Authors and Literature." Poems by Rev. A. Pohnson, Jethro C. Culmer and Benjamin S. Parker, of New Castle, Ind., completed the morning program, with the exception of the music, which was furnished by Miss Berdice Blye, of Kentland, Ind.

At last night's meeting Miss Minnetta Taylor, of Indiana, made an address on the subject, "Indiana." She showed the development of literature in the state during the past hundred years. "Ohio and Illionis" was a subject then thrown open to general discussion, and informal talks were made by representatives of these two states. Music by Miss Clara Koons and Miss Berdice Blye enlivened the program.

The principal feature of Monday night's program was the address of the president, Lee O. Harris, of Greenfield, Ind. The rest of the program was made up of a sketch by Mark L. De Motte, of Valparaiso Ind., and a poem by Miss Kathleen Hunley, of Wisconsin. The writers will be in session until Friday night, holding two meetings daily.

Among the latest arrivals at the Winona hotel are the following: Benjamin S. Parker, New Castle; John G. Chafee, Greencastle; M. W Deputy and wife, Vernon; Maude C. Smolley, Brookville; Mrs. Alice E. Bartlett, Detroit, Mich.; Miss Clara E. Laughlin, I. K Friedman, B. E. Page, Chicago; Mrs. C. P. Wright, Logansport; R. C. Hillis, Logansport; T. S. Thornburg, Monticello; W. L. Kellenberger and wife, Kentland; Bertha Bourshakr, Cutler; I. F. Meyer, Delphi; W. W. Pfrimmer, wife and daughter and Miss Drake, Kentland; Hector Fuller, John C Curtis, Indianapolis; Theodore Griffith White, Richmond; Roy Stephens, Lexington, Ky.; James H. Clark and wife, Columbus; Lee O. Harris, Greenfield.

At the Minnewawan Inn: H. Metcalf and wife, Tabor, Iowa; Grace Smith and Mayme Kline, Peru; John Leese, Huntington; C. Orville Witler, Ashland, Ohio; F. M. Rector, Cyrus A. Rector, Gaston; S Merrill Tilson Greenwood; Severance Burrage and wife, Lafayette; Oscar D. Melton, Amboy; C. R. Bunner, Burrows; O. A. Forkner, Anderson; Paul Coughlin, Peru; W. B. Black and C. E. Houch, Bloomington; T. R. Brown, Frankfort, and B. E. Myers, Washington.

LEAVES THE METHODISTS.

Laporte, Ind., June 27.—Rev. W. D. Wattles, who recently resigned the pastorate of the Methodist Episcopal church at North Judson, has withdrawn his affiliation with that faith and has joined the Friends' denomination. He will be authorized by that church to work as an evangelist and this state will be the scene of his labors.

SPURRED BY A ROOSTER.

Elkhart, Ind., June 27.—While attempting to release a small chicken which had become entangled in a wire fence, Mrs. George Spangler, near this city, was attacked by a pugnacious rooster, which drove one of its spurs into her forehead, severing an artery. Mrs. Spangler narrowly escaped bleeding to death.

HEIRS HARD TO FIND.

Richmond, Ind., June 27.—Nearly 500 letters have been received by Frank Chambers, administrator of the estate of the late D. S. Dibble, relative to the disposition of his belongings. Some of the letters are from persons who claim to be related to Dibble, while other writers seek to throw some light on the family history and give names of persons who they believe to be heirs. Nearly every state and territory is represented in the letter-file up to date, but there has not been one piece of information as yet that gives a tangible clew to the whereabouts of Dibble's legal heirs.

KICKING AGAINST CENSUS.

Logansport, Ind., June 27.—It is estimated that fully one thousand people were missed by the census enumerators in Logansport. There is much complaint and many insist on a re-enumeration.

A DRUGGIST KILLS HIMSELF.

Huntington, Ind., June 27.—Rudolph Schaeffer, a well-known druggist of this city, is dead from the effects of a dose of morphine, taken with suicidal intent. He had been one of the most popular and successful business men in the city for the last thirty years. Recently, however, he became dissipated, and his wife brought suit and had a receiver appointed for his property. The humiliation worried him, and his suicide is attributed to regret over his many mistakes. His wife is alarmingly ill from the shock.

PERMANENT SITE SELECTED.

Laporte, Ind., June 27.—The Northern Indiana Holiness association has selected Plymouth as the permanent site for the holding of the summer meetings. The meeting this year will begin July 13, and will continue for an indefinite period. It will be in charge of Rev. M. L. Haney, of Normal, Ill., and the singing will be directed by Rev. J. M. Dustman, of Urbana, this state.

A JAW TORN AWAY.

Bourbon, Ind., June 27.—While Henry Heierman was petting a colt, the animal suddenly kicked him in the face, tearing away the jaw. His life hangs in the balance.

GOES TO PRISON.

Hartford City, Ind., June 27.—H. C. Kemp, the embezzling sewing machine agent, was sentenced yesterday and was taken to Michigan City to serve from two to fourteen years. Gambling caused his downfall. Willie Erwin, the seventeen-year-old boy who robbed J. W. Cawley's residence, was sentenced to the reform school for boys at Plainfield.

THE MISSION WILL CLOSE.

Auburn, Ind., June 27.—The Auburn Christian mission, which has been conducted so long by Charles Eckhart, prohibition candidate for governor, will be closed this week and the fixtures will be sold at auction sale Saturday.

NEW TRIAL REFUSED.

Muncie, Ind., June 27.—John Hollister, who was found guilty of attempting to criminally assault Mrs. Lavina Jones, of Yorktown, and who was sentenced under the indeterminate law, has been refused a new trial by Judge Leffler. His attorneys gave notice that the case will be taken to the appellate court. Hollister is an ex-minister of the gospel, who recently has been a patent medicine agent. The testimony at the trial was conflicting. The defendant, before the recent panic, was a wealthy man, with carriages at his command. The failure of a bank in which he had $30,000 ruined him.

SCHOOL SUPERINTENDENTS.

Warsaw, Ind., June 27.—The county school superintendents of Indiana are holding their annual meeting at Winona. The first session was held yesterday afternoon and sessions were held today and will be held tomorrow morning. The principal speaker of the meeting is Dr. Severance Burrage, of Purdue university. Yesterday afternoon Dr. Burrage made an address on "Some Problems in the Sanitation of Our Schools." The question was also discussed by Dr. I. B. Webber, secretary of the city board of health, of Warsaw. Superintendent C. A. Van Matre, of Delaware county, delivered an address on "Classification and Gradation of Schools." Superintendent L. H. Hamilton, of Jasper county, also discussed the question. Almost every county in the state is represented.

FEW EXEMPT CATARRH

As four out of every five persons in the United States have Catarrh in some form, it may appropriately be called our national disease.

Catarrh begins with a simple inflammation of the inner lining of the nostrils and throat—a bad cold—soon goes deeper and attacks the lungs, stomach, kidneys and other organs. The foul secretions accumulate in the blood until the entire system is polluted. Catarrh is common and cures rare because the treatment is wrong. Sprays, washes and inhaling medicines relieve for a short time, but do not cure. Local treatment can not reach the seat of the disease, which is the blood. Catarrh is deep-seated and obstinate.

Catarrh is Common

Cures are Rare because Treatment is Wrong

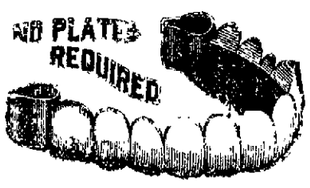

S. S. S. is a certain, complete and safe cure, because it is the only medicine that is able to force out of the blood all poisonous substances; that tones up and cleanses the stomach, and restores normal, healthy action to all the organs. S. S. S. is the only blood medicine that is free from poisonous minerals. S. S. S. If taken in the earlier stages of Catarrh, will prevent serious Stomach and Kidney Troubles and Consumption.

OFFICIAL COUNCIL PROCEEDINGS.

The Common Council of the City of Fort Wayne met in the Council Chamber Tuesday evening, June 26, A. D., 1900, in regular session, His Honor, Mayor Scherer, in the chair, and H. B. Monning, Clerk, at the desk, and present the following members, 15, viz.:

Bauer, Clark, Eckert, Ehrman, Haag, Hench, Hosey, Lennart, McMahon, O'Ryan, Scheid, Schuhler, Schwartz, White and Zurbuch.

Absent, 6, viz.: Councilmen Borkenstein, Buhr, Gerding, Hayes, Miller.

The minutes of the last regular session having been delivered to the councilmen, were, on motion, approved as published.

PETITION.

To the Honorable Mayor and Common Council, City of Fort Wayne, Ind.

Gentlemen: It is not often that the citizens are called upon to petition your honorable body on behalf of public matters in which they are only indirectly interested, but in this case it is thought that it might not be out of place to ask that no further delay be had in the consideration of the interurban railroad franchise to the Indiana and Ohio Traction Co. now before you. The city of Fort Wayne is in need of such public facilities in order that it may keep pace with the other cities in the state; as property owners, that which helps the city indirectly helps us, and to that extent we are interested in pushing Fort Wayne to the front. It is not our desire that your duties be performed so hastily that the cities interested might suffer, but that it be disposed of as speedily as the conditions of the case will admit. It is generally conceded that the franchise now in your hands absolutely guards the city in the exercise of its future rights, and that the petitioning company is willing to accept of the franchise as it now is. That there will be objections by some can never be obviated, no difference how long you may put off the approval of the contract, and in the meantime opportunities for securing the necessary money for carrying out the project by the company may be lost. The undersigned believe that the council has acted honestly and fairly in the matter and that now it ought to pass it without delay. It has been demonstrated that no arrangements can be made with the Fort Wayne Traction Co. that will be satisfactory to the petitioning company, and longer efforts in that direction is a useless expenditure of valuable time. It is not on behalf of any company that we interest ourselves, but on behalf of the general public and the growth of the city that we petition you.

Therefore, we ask that the council approve of the contract before it, without further delay.

John F. W. Meyer and 585 others.

Referred to committee of the whole.

COMPTROLLER'S COMMUNICATION.

FORT WAYNE, Ind., June 26, 1900.

To His Honor the Mayor and Common Council.

Gentlemen: I herewith submit to your honorable body request of board of public works for appropriation of $1,500 for bridges to be rebuilt on Shawnee Run. As I am not in position to tell today whether or not all of this money is needed, I would ask you to pass the ordinance on its second reading and refer the same to the committee on finance, bridges and city attorney to report at the next meeting.

Respectfully,
HENRY C. BERGHOFF,
Comptroller.

Referred to finance committee and city attorney.

PETITION.

FORT WAYNE, Ind., June 26, 1900.

Henry C. Berghoff, Comptroller.

In order to make the necessary repairs and to rebuild such small bridges as are absolutely necessary we are compelled to ask for an additional appropriation, and we hereby request you to appropriate fifteen hundred ($1500) dollars and have same appropriated to the bridge account.

By order of the board of public works.

To the Board of Public Works and the Committees of the Common Council and Commercial Club of the City of Fort Wayne.

Gentlemen: Pursuant to your request that the Fort Wayne Traction company submit to you a written proposition as to the terms and conditions upon which it would be willing to permit the cars of any and all interurban street railroads to come into or pass through the city of Fort Wayne over its tracks, we beg to say:

1st. It is not practicable for this company to grant any such general right. It is impossible for the officers of this company to foresee all of the conditions that may arise in the future and intelligently to contract with reference thereto; but it is not difficult to foresee a condition of affairs under such a general grant as would seriously impair if not destroy the usefulness of the present system, as for instance the centering of several interurban roads on a part of the present system where there is at present inadequate facilities for doing the business of this company. It is therefore considered practical for this company to deal only with each interurban company as it may be organized, which it is willing to do upon such fair and equitable basis as exists between city and interurban railroads in other cities, having in view the then existing conditions.

There are, at present, two proposed interurban companies now asking to enter Fort Wayne, both of whom, through their promoters, say that they will not under any circumstances use the tracks of the present company; but out of deference to your request we beg to submit the following conditions upon which either or both of said proposed companies may use the Fort Wayne Traction company's tracks and power, being what is known as the overhead trolley method, on condition that such interurban road shall construct, equip and operate a line of street railroad from any incorporated city or town at least five miles distant from the city of Fort Wayne, viz.:

(1) All passengers brought into, passing through, or getting on the cars within the city of Fort Wayne shall pay the regular fare of five cents, to be collected by the agents or conductors of the interurban company; said fares to be recorded upon a fare register to be placed by the Fort Wayne Traction company in the cars of the interurban company, the gross amount of the fares so collected to be paid over to the Fort Wayne Traction company.

(2) In consideration of the fares so collected and paid, The Fort Wayne Traction company will extend to the passengers of the interurban company its transfer privileges to and from its various lines within the limits of Fort Wayne, and will pay to the interurban company the wages (not exceeding the maximum wages of its own lines) of the conductors and motormen of the interurban company for the time required in passing the cars of the interurban company over the lines of the Traction company; and in addition thereto, will pay the interurban company two (2) cents per car mile for the distance traveled by its cars over the tracks of the Traction company, such wages and car mile compensation to be deducted by the interurban company from the fares so collected.

(3) This company has no power, under the law, to carry freight or permit freight to be carried over its tracks. Nor is there at present any law granting such right to any street railroad. The right of carrying freight is given only to the ordinary railroads and can only be given by the legislature of the state. Common councils of cities have no authority to enlarge the powers of street railroads.

(4) But even the legislature cannot give street railroads such power without compensation to the adjoining property owner, if the court shall hold that by the carrying of freight a new and additional servitude is imposed upon the street or highway. However, should these interurban companies acquire the right to carry freight, express matter and mail, and operate any car and carry the same in portions of its passenger cars over the lines of this company the interurban company shall pay to the Traction company a proper pro rata share of such business, the same to be determined on the mileage basis or distance carried over the tracks of the respective companies. Should these interurban companies operate any car or cars exclusively for this class of business over the lines of this company, a similar arrangement will be made for a proper pro rata share of the proceeds of said business between the two companies. For the operation of all such cars, so exclusively engaged in carrying such freight, express or mail matter, the interurban company shall pay all wages of its own employes.

(5) All cars of the interurban company shall be required at all times to run at the same rate of speed as the cars of the Fort Wayne Traction company are run, and so as not to unnecessarily interfere with the same.

(6) In the event that such interurban company shall carry freight or express matter over this company's tracks, this company must be satisfactorily indemnified against all suits and demands of the adjoining property owners, and all expenses, costs and damages accruing or recovered against this company by reason of the carrying of such freight or express matter.

(7) This company shall also be satisfactorily indemnified against all loss and damage accruing or recovered against this company on account of the carelessness or negligence of any of the employes, or in the operation of the cars, of such interurban company.

(8) This proposition is on condition that this company shall be given by the proper city authorities proper facilities and the right to construct and operate an additional or double track on such lines as may be used by such interurban company or companies, and that a satisfactory contract shall be entered into between this company and such interurban company, properly safeguarding the rights and duties of both companies.

(9) This proposition shall not be binding unless accepted by such interurban company in writing within six months, and the road so accepting the same shall commence the building of its road within one year, and have the same completed for the distance hereinbefore mentioned within two years, from the date hereof.

Dated June 25th, 1900.

Respectfully submitted.
BARRETT & MORRIS,
Attorneys for The Fort Wayne Traction Co.

MRS. GEORGE A. GALE IS DEAD

HIGHLY ESTEEMED LADY IS CALLED FROM EARTH.

Succumbed to Heart Failure This Morning—Other Mortuary Matters of the Day.

Mrs. Caroline Matilda Gale, wife of Capt. George A. Gale, died at her home, 100 East Wayne street, at 4:30 o'clock this morning. Death was due to heart failure and the news of her demise will be a severe shock to a wide circle of friends in this city. Mrs. Gale was a member of one of the old families of the city and was well known and universally esteemed.

For several weeks Mrs. Gale had been in poor health and at times her condition was alarming, but she rallied and friends were greatly encouraged. Then there was a relapse, but favorable conditions again appeared and even yesterday it was believed the patient was making progress toward recovery. About 2 o'clock this morning, however, there was a turn for the worse and she sank steadily until the end.

Mrs. Gale had reached the age of forty-seven years, seven months and twelve days. She was born in Adams county, Ind., and was the daughter of the late Christian Gable, but for many years had resided in Fort Wayne. There are no children. Surviving are the bereaved husband, her aged mother, Mrs. Mary Gable, of 40 Madison street; two brothers and one sister. The brothers are Peter Gable, of Joplin, Mo., and George A. Gable, of St. Louis. The sister is Ella Gable, of this city.

The deceased was united in marriage in this city to Capt. George A. Gale in 1873. For some years Mr. Gale was connected with the management of correctional institutions at Chicago and Pontiac, Ill., and during this time they resided in those cities. A few years ago, however, they returned to Fort Wayne and Mr. Gale erected a handsome home on East Wayne street, where the wife died this morning. Mrs. Gale was a devoted member of Trinity Episcopal church and her life was an exemplary one in which the attributes of noble womanhood were present to a marked degree.

The announcement of the funeral service will be made later.

LEONARD.

Hugh Benigan Leonard, the baby son of Mr. and Mrs. William A. Leonard, died at 5 o'clock this morning at the family residence, 54 Center street, from cholera infantum. The little one's age was 1 year, 4 months and 20 days.

Funeral services will be held from the Cathedral Friday morning at 9 o'clock.

BROWN.

Wilton Henry Brown, aged 17, a student at the Indiana School for Feeble Minded Youth, died at the institution Tuesday. The remains were taken to Dunfee this morning and the funeral services held at that place.

FUNERAL ANNOUNCEMENTS.

Schroeder—The funeral services of John Schroeder will be held Thursday morning at 8:30 from the residence, 21 Charles street, and at 9 o'clock from St. Peter's Catholic church.

We take great pride in having the right kind of goods for your boy. We have just received 200 linen knee pant suits, which go at $1.50 and $2.00.

THE MINISTERS SAFE

(Continued from First Page.)

destination in the Philippines.

It is expected that the transport Grant, with General Chaffee on board, will arrive at Nagasaki about July 28, which would insure his arrival at Taku by the 1st of August.

CAUSES APPREHENSION.

In well informed diplomatic circles the news that the foreign ministers have left Pekin for the north under a Chinese escort is regarded with some apprehension.

It is presumed, of course, that the escort is composed of imperial troops, but a feeling of unrest is induced by the evident fact that, in the present circumstances, even the imperial troops are not absolutely to be trusted.

Indications are abundant that they, too, are imbued with the anti-foreign sentiment which has found its open exponent in the boxers. While no fear is expressed that the personal safety of the diplomatic representatives of foreign governments is endangered, the intimation is conveyed that they may be held as hostages.

If this should be true, the troops accompanying them would be rather a guard than an escort.

WAS HELD AS HOSTAGE.

Diplomatic representatives of foreign governments here have received so far as known, little news from their governments with respect to the situation in China.

While some meager reports have reached various legations, the difficulty of obtaining accurate information is embarrassing all governments interested in the trouble in China.

CHAFFEE HAS STARTED.

Washington, June 27.—General Chaffee, who has been ordered to command the American troops in China, left Washington at 10:40 this morning for San Francisco, accompanied by Lieutenant Harper, his aide.

He is due at San Francisco at 5 o'clock Sunday morning and sails for Nagasaki on the transport Grant with the Sixth cavalry the same day.

REPORTS CONFLICTING.

London, June 27.—2:03 p. m.—The cable messages from the far east today are so conflicting in their tenor that almost any desired view of the situation is deducible therefrom. On the whole, however, the news is encouraging and it seems safe to assume that Vice Admiral Seymour and the legations, whether close together or separately, will ultimately reach a place of safety. Various reports locate the legationers at divers places, but is seems agreed that they are safely away from Pekin.

The latest Shanghai report says Prince Tuan, the head of the Chinese foreign office and father of the heir apparent, has sent the legation to Sian-Fu under escort, and adds that Sian-Fu will be the new capital, in the event of Pekin being occupied by the international forces.

Admiral Seymour, it is asserted, succeded in getting a message into Tien Tsin Monday, according to which he was about ten miles westward, terribly harrassed, could only hold out another two days and had sixty-three killed and over 200 wounded. He did not mention the ministers or others from Pekin.

CAN NOW REACH PEKIN.

It is thought at Shanghai that now that Tien Tsin is relieved the combined international forces will have no great difficulty in reaching Pekin, though it is expected it will be found that all the foreigners have already left.

It is claimed that the reports as to the damage done at Tien Tsin and the casualties among the foreign residents have been slightly colored. The exodus of Chinese from Shanghai is unabated. Every steamer is thronged and the authorities have been obliged to resort to the use of fire hose to prevent the fugitives from over-crowding the vessels.

The commander of the British first-class cruiser Undaunted, however, has landed large supplies of revolvers and ammunition and guns have been placed in position at commanding points, with the result that the foreigners are confident they can overcome any attack on the settlement into which the foreigners from the out stations are rapidly congregating. According to dispatches from New-Chwang the Russians there are barely able to cope with the situation.

KILLING RUSSIANS.

The Chinese, it appears, are burning all the railroad material, killing isolated Russians at every opportunity and destroying the coal mines.

The St. James Gazette expresses the opinion that China is teaching America the impossibility of a great trading nation avoiding imperialism, adding: "America's experience will teach her that is not the desire to grab distant lands, but unavoidable destiny that drives Great Britain ever forward. Washington has no choice but protect the imperilled American citizens and having once interfered in China to protect her interests she shall never be able to shake from her shoes the dust of the celestial empire."

RELIEF FOR TIEN TSIN.

London, June 27.—The parliamentary secretary of the foreign office, Mr. William St. John Broderick, in the house of commons today, said he was at last able to announce the receipt of information of the relief of Tien Tsin. He added that the government had received two telegrams. One from the British consul at Tien Tsin, wired June 23, by way of Che Fu, June 27, announced that a British column, under Major Maurice, of the Welsh fusiliers, and a naval brigade, under Commander Craddock, had arrived at noon, 550 strong. The message also said that 1,500 Russians were reported to be at the Tien Tsin railroad station and that 150 Americans and fifty Italians had also arrived. The second telegram was from Rear Admiral Bruce, dated Taku, June 25. It added to the above that Vice Admiral Seymour was reported to be ten miles from Tien Tsin, hampered with sick and wounded, and engaged with the enemy.

THE FIGHT AT TIEN TSIN.

London, June 27.—A special dispatch from Che Foo says:

"The fight of the allied forces against the combined boxers and Chinese soldiery barring the road to Tien Tsin opened at daybreak. One hundred and fifty Americans were among the 2,000 international troops. The Chinese soon broke under heavy shelling and then the arsenal was attacked and then were gradually silenced. The fight was practically over at noon. The keen, friendly rivalry for the honor of first entering the city resulted in the Americans and British going in neck and neck, with the others close up."

THREATENED RISING IN SOUTH

London, June 27.—A fresh phase of the ebullition in China is the probability of immediate outbreaks in the great southern provincial centers. The populace there is daily assuming a more hostile attitude towards foreigners, and the latter perceive symptoms of a general rising, especially at Nanking, where, according to a dispatch to the Daily Express, dated yesterday, Kang Wu, one of the most truculent enemies of foreigners, has arrived, by way of the Grand Canal, armed with full powers from the empress to deal with the southern provinces. The friendly attitude of Viceroy Liu Kun Yih toward foreigners has brought him into disgrace with Prince Tuan, president of the Tsung-li-Yamen.

UNREST SPREADS TO CANTON.

The unrest at Canton is described by a dispatch from that city to the Daily Telegraph, dated Monday, via Hong Kong, yesterday:

"It is feared that we are on the eve of a scene of bloodshed and anarchy in the two Quangs only paralleled during the Tai Ping rebellion. The signs of a murderous uprising are so manifest that wealthy Chinese are hurrying from Canton and vicinity, taking their wives, families and valuables.

LI HUNG CHANG IN PERIL.

"Li Hung Chang has again been peremptorily ordered to Pekin. His enemies declare that they will murder him before he can reach there. His presence alone restrains the revolutionary elements here. His departure will let loose the 'black flags' and 'red girdles.' Knowing this, Li's trusted officers are sending their families to Hong Kong.

"The viceroy himself trusts the Americans in this crisis. He says that they alone want no territory, and he places himself largely—almost unreservedly—in their hands. At an important conference today he reiterated this statement.

"All the missionaries have been notified of the eminent peril through confidential runners. They are leaving Canton hurriedly, and only a few are now here.

MORE CHRISTIAN MURDERS.

Shanghai cables that the French consul there has received a cable from Shan Tung, asserting that 11,000 Chinese troops are making a forced march from Shan Tung to Pekin.

Two Jesuit fathers and 100 native Christians have been murdered in the southern part of the province of Chi-Li.

The Fort Waynes are now leading the Inter-State league race and Wheeling for the first time in weeks is not in front. The Stogies came here to play a transferred series with never a thought that Fort Wayne would win them all and take the lead in the race. But, through better ball playing on the part of Fort Wayne, an unusual distribution of luck and two or three decisions in their favor, Fort Wayne did succeed in winning the trio of games and for the first time since the first week of the season leads all the teams in the race for the pennant.

Swaim and Skopec were opposed to each other in the beginning of yesterday's game, but "Cy's" arm was ailing and at the end of the third inning, after three runs had been scored, Manager Miller sent Swaim to the bench and called Harper to the box. The change was a lucky one and not another Wheelingite succeeded in reaching the home plate, and only three hits were made by the Stogies in the last three innings. Skopec started well, but weakened after the fourth and the Hoosiers had little trouble in winning out, not because they batted the left-hander so hard, but because of his wildness and poor fielding in his position and the very poor throwing of Ritter.

Wheeling scored in the second inning on Taylor's single and Belden's failure to hold Pequinney's long fly, which he attempted to capture in one hand. Rothermel reached first on balls and Taylor scored on Ritter's fly to Belden. Fort Wayne scored a run in the second on Miller's base on balls, sacrifices by Belden and Hollingsworth and Babb's single.

In the third inning the visitors took the lead. Meany singled and reached second on Swaim's wild throw to make a double play after he had captured Congalton's little fly. Lyons' two-bagger scored Meany. The heavy second baseman advanced on a wild pitch and scored on Turner's single. Hollingsworth fumbled Taylor's grounder, but recovered in time to throw the runner out, but Caruthers said he was safe. A pretty double play by Babb, Hollingsworth and Brashear ended the inning and the last Wheelingite had scored for the day.

Fort Wayne scored three runs in the fifth inning on two bases on balls, a fielder's choice, Skopec's error and Brashear's pretty single. Letcher also singled but was caught at second on one of his very foolish attempts to steal a base.

Another Hoosier tallied in the sixth on a base on balls, fielder's choice and Hollingsworth's single.

Another base on balls, a stolen base, Ritter's wild throw and Letcher's two-bagger scored Brashear in the seventh.

A base on balls, two singles, a fielder's choice, errors by Skopec and Ritter, two stolen bases and a wild pitch allowed Fort Wayne to score three runs in the eighth inning, the last runs of the game. Score:

NOTES OF THE GAME.

Flood made three hits, one a two-bagger, in the game yesterday and accepted five out of six fielding chances.

Stahl made two hits, two runs, stole a base and captured three flies in the game yesterday. One of his hits was for three bases.

The Inter-State league race is the most interesting in its history at this season of the year. Four games lost might put the leader in fourth place.

Fort Wayne went to Dayton early this morning and will play three games in the Gem City, returning Saturday to begin a series of four games with the Old Soldiers. No matter what the result of the games at Dayton there should be a big attendance at Saturday's game.

The Sentinel today presents what is believed to be the correct standing of Inter-State teams. The first three games are right, anyhow. The Mansfield News, Pittsburg Dispatch and Columbus papers print the standing as it appears above, except that these papers count the Wheeling-Columbus forfeited game.

Caruthers made a few mistakes in his decisions on balls and strikes and Fort Wayne was given the short end of two or three close base decisions. Some persons in the bleachers and grand stand halloed and hissed at the umpire for his work. This was wrong. Caruthers is impartial in his mistakes and is bound to make them, and it would indeed be deplorable were Fort Wayne audiences to become as ungentlemanly in their actions as are the rooters in Toledo, Wheeling and one or two other cities. Remember that the umpire is paid to be impartial, while the average rooter is always prejudiced and more liable to see a play wrong than is the umpire.

President Power's ruling that the Wheeling forfeited game to Columbus should not count is undoubtedly right, and the Fort Wayne management will probably uphold him in it. There was no regular umpire at Columbus when Wheeling failed to appear, and President Riley held a conference with himself and appointed Pete Daniels to act. Pete gave the game to Columbus 9 to 0 after Streit had pitched a couple of balls over the plate. Had the regular umpire or an authorized substitute made the decision it would stand, even though Wheeling offered all kinds of excuses. There is every reason why the game should be given to Columbus, but it should be by a vote of the board of directors and not by the action of a ball player. The game shouldn't count now, but the league should take some action to make it count as a defeat for Wheeling and a victory for Columbus.

Mansfield News: "Fort Wayne succeeded in beating Poole, the $10,000 Wheeling wonder, yesterday. That Fort Wayne aggregation would succeed in beating the best pitcher that ever stood in shoes at some time.—A local 'fan' wants to know of the sporting editor of the News how the work of Belden, the left fielder for the Fort Wayne team, compares with that of 'Scrapiron' Beecher, of the Mansfield team. It doesn't begin to compare. Belden has Beecher beat, not one mile, but about four miles. Up to last Saturday's game Beecher had made only about a couple of hits in the last month or so. According to Mort Dittenhoefer's official averages Beecher was batting .200 even. This is not very strong for an outfielder, to say the least. On the other hand, the last reports from Fort Wayne were to the effect that Belden's batting average is close to the .400 mark."

THE MARKETS.

Chicago, June 26.—The wheat market today opened easy, but turned firm after the dip. July opened unchanged to ¼c higher at 82c to 82¼c, sold off to 81⅛c, and then recovered sharply to 83½c. Liverpool opened weak and this, together with pressure from longs, was influential early. Cables later showed considerable recovery. Renewed buying by the northwest and local covering caused the rally. Receipts here were 90 cars, 3 of contract grade.

July later rallied to 84½c, slumped to 83⅛c and then recovered to 83¾c, closing firm, 1⅝c over yesterday at 83⅝c. Receipts at Minneapolis and Duluth were 244 cars, against 351 last week and 491 a year ago.

Corn was strong and active after a period of halting because of the wheat dip. July opened ⅛@¼c over yesterday at 41⅛@41⅝c, eased to 41⅜@41½c, and then rallied to 42½c. Receipts here were 519 cars Country acceptances were reported light and there were some damage claims from the northwest.

A heavy cash demand was an influence in corn. Cash bids were reported 3c over July. July touched 43⅜@43½c and closed strong, 1⅜c over yesterday at 42¾c.

Oats opened easy with wheat, July ⅜c to a shade lower at 24⅞@25c. The market touched 24¾c and then, helped by the wheat rally and the corn strength, recovered to 25¼c. Receipts here were 220 cars.

Provisions were strong and active. The hog market was firm and there was a fair demand from an influential packer. July pork opened 12½c higher at $12.40 and advanced to $12.65; July lard 10c up at $6.90, rallying to $6.97½, and July ribs 7½c improved at $7.05, advancing to $7.15.

THE DAY ON WALL STREET.

New York, June 27.—Advances were general in the local stock market at the opening with the tendency due to a sharp rise in Americans at London, which was based on the encouraging news from China. The home improvements, however, were not as extensive as in London, but were nevertheless a uniform large fraction. In the specialties Brooklyn Transit rose 1⅛, which, however, was cancelled in less than a few minutes. Tennessee Coal advanced 2 points, but other Steel issues were neglected. Sugar rose sharply and then reacted, and Baltimore and Ohio also lost a good gain. The general market was not disposed to follow the reaction of some of the leading stocks, and worked steadily upward with conspicuous strength in the Pacifics. Purchases of the Grangers were made with greater confidence, Burlington being the favorite. Recoveries of better than the opening level were made by Sugar, Baltimore and Ohio and Brooklyn Transit, but were not fully maintained, the latter reacting a point. Consolidated Gas and Brooklyn Union Gas advanced 1½ and 2¼ respectively. Toward 11 o'clock trading became dull and generally easier. Moderate buying of the Steel stocks advanced the group, Federal Steel rising 1⅛. Anaconda also gained 1½. Republic Steel preferred was a notable exception, reacting over a point. In other stocks there was little of interest aside from the marking up of Brooklyn Transit and weakness of Sugar.

Bonds were quiet and firmer.

DITCH KNOCKED OFF

NOTABLE VICTORY FOR FORT WAYNE ATTORNEYS.

Judge Gillette, at Valparaiso, Decides Against Kankakee River Drainage.

Judge Allen Zollars and Attorney N. D. Doughman have returned from Valparaiso, where they won a notable victory in the Porter circuit court yesterday. Judge James H. Gillette decided against the construction of the Dixon W. Place ditch, a big system of drainage that has been hanging fire for more than two years. Mr. Zollars represented the Pennsylvania Railroad company and Mr. Doughman appeared for the Nickel Plate.

The projected ditch was to be about forty miles long, and the idea was to deepen and straighten the Kankakee river, as well as to drain a large lake. The Nickel Plate railroad had been assessed $2,200 benefits, and the Pennsylvania company $3,600 for the improvement. The historic attempts to remove the rocks in the Kankakee river at Momence, Ill., by blasting, cut a big figure in the case, for in his ruling Judge Gillette held that under present conditions there was not sufficient outlet for the ditch if it were constructed. Another point made by the attorneys for the remonstrants was that the ditch proposed to cross a section of state land, and that the court had no power to order the construction of a ditch across state property without an act of the legislature. More than $5,000 of accrued costs in the matter will now have to be paid by the petitioners for the ditch.

WILL BE WEDDED TONIGHT.

A pretty wedding ceremony will be solemnized in this city this evening when Thomas Snook, the well known contractor, will be united in marriage to Miss Belle Geake at the home of the bride on West Jefferson street. The young lady has been a teacher at the Clay school and is most estimable and popular. Rev. J. S. Ainslie will come from Chicago to perform the ceremony.

READY FOR BIDS.

The county commissioners and Architect Tolan have completed the specifications for the graniloid walk that is to be constructed about the court house. Bids will be advertised for at once and the walk laid as soon as possible.

The Trades and Labor Council's general committee for Labor day will hold its regular meeting this evening at Horseshoers' hall, corner of Pearl and Harrison streets, to further arrangements for the big celebration in September.

A document over thirty-five years old was picked up in the Hudson Central station in Utica the other day. It was an application for a manufacturer's liquor license in Herkimer county and was in a good state of preservation.

Large ditches and hard labor have redeemed a country once slated as waste land until today it is a mass of waving wheat, barley and oats, and a good prospect for a fair corn crop this fall.

SIX MORE CLERKS

AGENT KIRKLAND MAKES ADDITION TO FORCE.

MILEAGE BOOK LITIGATION

COURT DECIDES IN FAVOR OF RAILWAY COMPANY.

A FAST RUN ON THE WABASH

HEAVY TRAIN TRAVELS 276 MILES IN SIX HOURS.

Agent Kirkland, of the Pennsylvania's freight department, has added six men to his clerical force. They are G. R. Eaton, M. W. Calbeck, T. F. Kelley and Ed T. Jackson, of Chicago, and S. Wallace, of Findlay. With the exception of the latter, these gentlemen have been in the service of the company at Chicago for some time and are transferred here as a result of the new arrangements for handling westbound freight. Mr. Eaton was engaged in newspaper work before he entered the employ of the Pennsylvania company and was once a reporter on the Chicago Herald. Mr. Jackson is a Fort Wayne boy, being the son of the late Engineer William Jackson, who for many years manipulated a throttle on the Pittsburg road.

NEW COMMERCIAL AGENT.

General Superintendent Finney, of the Findlay, Fort Wayne and Western road, was in the city today, introducing to the business men and manufacturers Harry F. Hall, who has accepted the office of commercial agent of the company. Mr. Hall comes from the El Paso and Northeastern road, in New Mexico. Formerly he was employed in the auditing department of the old D., T. & M. road, and his experience, coupled with energy and ability, assure a successful administration of the duties of the office he now assumes.

BIG CROWD FROM FINDLAY.

The teachers and children of the Methodist Sunday school of Findlay, Ohio, and a number of their friends, are enjoying an outing at Robison park today. The party came in this morning at 10 o'clock on a special train and it required six cars to haul them. It is estimated that there are fully 400 persons in the party.

CHANGE AT THE EAST YARDS.

Fred Thiebold, for some time day caller at the east yards of the Pittsburg, has become a switchman and H. F. Reiter is now the day caller. The latter was formerly a brakeman on the road, but had an arm injured several months ago and is incapacitated for road service.

RIGHTS OF TICKET HOLDERS.

Two important decisions have just been made by the courts on the rights of holders of railroad tickets and of the railroads. The question as to whether a railroad company has the right to confiscate a mileage ticket if presented for passage by anybody but the original purchaser has been decided in the affirmative by the supreme court of New Hampshire. The plaintiff in the case was accustomed to rent out mileage books at an advance on the price which he paid the railroads for them. A conductor of the Maine Central railroad took up one of those books which was presented by a passenger who purchased it from the plaintiff, and he brought suit to recover the amount he originally paid for the mileage book. The supreme court denied his right to recover, holding that the conditions on which the mileage book was issued were not contrary to law or public policy, and that, having violated the conditions, the law affords the plaintiff no relief.

The supreme court of Kansas has just rendered a decision adverse to Thomas Dangerfield, who started two years ago from Kansas City to Ireland. He bought a scalper's ticket to Kansas City and the Topeka conductor honored the ticket, but the one east of Kansas City took it up and demanded that Dangerfield pay his fare. The passenger refused and was put off the train. He sued the company for $10,000 damages. The district court of Osage county threw the case out on a demurrer and Dangerfield appealed to the supreme court. In affirming the decision of the lower court the supreme court held that Dangerfield, not being the original purchaser nor having complied with the conditions plainly printed upon the ticket, was not entitled to ride upon the same; that the conditions of the contract were not waived and the railroad company was not estopped to refuse the ticket because the agent of the company to whom it was first presented did not discover the imposition, and when the discovery was made the company had the right to refuse to carry Dangerfield further and upon his failure to pay his fare to require him to leave the train.

NEW CONSTRUCTION COMPANY.

The New Albany Tribune publishes the following concerning an enterprise which was briefly mentioned before in the Fort Wayne papers: "The General Construction company, which will have its headquarters at Fort Wayne, Ind., has been organized with $40,000 capital. Articles of incorporation will be filed with the secretary of state at Indianapolis today. The organizers are H. M. Geiger, Fort Wayne, Ind.; W. H. Watson, Charlestown, Ind., and Thos. W. Perry, of Jeffersonville, former councilman. In addition a well known Louisville business man and one member each from Indianapolis and Fort Wayne are among the incorporators. The object of the company is to build electric light plants, waterworks plants and street railway lines and also to buy and reconstruct such institutions. A local office will be established at Jeffersonville. All of the incorporators are well known in business circles."

FROM STORE TO SHOP.

Herman J. Miller, for fifteen years a clerk in the Fruit house, this morning assumed a clerical position in the shipping department of the electric works. Some days ago Charles T. Schaefer was appointed acting chief shipping clerk to succeed John W. Hall, who was transferred to the main office, and it was to fill the vacancy thus created that Mr. Miller entered the service of the company. There has been no official notice of the appointment of Mr. Schaefer to the office he now holds, but the appointment of his successor in the other position is taken as indicating a determination on the part of the superintendent to make Mr. Schaefer the permanent assistant shipping clerk.

FAST RUN ON THE WABASH.

A special train carrying the Marquette club from Chicago on its way to the republican convention at Philadelphia established a new heavy-train speed record on the Chicago-Detroit division of the Wabash on the 16th inst. The train consisted of five sleepers, one dining car, one baggage car and one coach—eight cars in all—and it covered the 276 miles between the two cities in six hours, including all stops. The engine hauling the train was one of the new Baldwin compound locomotives recently put into service on the road. The run is considered very creditable, when the weight of the train is taken into consideration.

Indianapolis Journal: "It has leaked out that W. S. Weed, traffic manager of the Toledo, St. Louis and Kansas City, is on the slate with Benjamin Norton. Mr. Norton is to be president and the traffic manager is to be general superintendent."

Ora Smith, the Grand Rapids brakeman who was so severely injured by falling from a freight car some time ago, is again able to be about. Mr. Smith has made a remarkable recovery, as the injuries he received would ordinarily incapacitate a man for several weeks.

W. A. Sprott, Wabash division freight agent; R. A. Houghton, road supervisor; W. H. Coleman, of the Vandalia, and J. C. Wallace, of the Santa Fe, were among the railway men who visited the city today. Messrs. Coleman and Wallace are traveling freight agents.

The roads out of Chicago are now charging excess for the first time on all passenger trains scheduled at a rate faster than twenty-eight hours between Chicago and New York. This disposes of a subject that promised to create a serious disturbance between the New York and Chicago lines.

The National Association of Railway Agents will hold its fourth annual convention at Detroit July 24 to 27. A number of interesting topics are to be discussed and the program of entertainments is an elaborate one. W. D. Wilson, of Indianapolis, is president of the association.

Mr. Teagarden is the secretary-treasurer of Division 12, Brotherhood of Locomotive Engineers, and during his absence from the city the duties of the office will be performed by M. G. Flagle, engineer on the Lake Shore.

The Grand Trunk has marked up to its credit a record of 840 miles in twenty-two hours and two minutes, made by a special train from Chicago to Montreal, via Port Huron, London, Hamilton and Toronto. Deducting stops of one hour and fifty minutes makes the actual running time twenty hours and twelve minutes, or an average of fifty-three miles an hour for the entire distance.

After a two years' service in the United States army in Cuba and the Philippines, F. M. Butcher is again a member of the Pennsylvania police department and will have headquarters at Lima. Capt. H. GOSHEN, ILL.

Genesee Pure Food Co., Le Roy, N. Y.:

Dear Sirs:—Some days since a package of your GRAIN-O preparation was left at my office. I took it home and gave it a trial, and I have to say I was very much pleased with it, as a substitute for coffee. We have always used the best Java and Mocha in our family, but I am free to say I like the GRAIN-O as well as the best coffee I ever drank.

THE YEAR'S WORK IS ENDED

COMMENCEMENT EXERCISES AT CONCORDIA COLLEGE.

Twenty-Three Young Men in the Class of 1900—A Great Crowd Present.

CLASS OF 1900.

W. Baer, Cleveland, Ohio; A. Barz, Meridan, Conn.; A. Brunn, Oak Glenn, Ill.; H. Burmeister, Schenectady, N. Y.; O. Fedder, Hammond, Ind.; C. Gross, Fort Wayne, Ind.; M. Guemmer, Friedensberg, Mo.; A. Houser, St. Louis, Mo.; J. Held, Canada; W. Henkel, Julietta, Ind.; F. Huesner, Fort Wayne, Ind.; A. Kirchoefer, New York city; C. Koerber, College Point, N. Y.; C. Krotke Pontiac, Mich.; A. Lussky, Ottawa, Ill.; G. Mueller, St. Louis, Mo.; S. Mueller, Farmer's Retreat, Ind.; H Petersen, Germany; M. Scheips, Peru, Ind.; F. Schroeder, Kankakee, Ill.; T Sorge, Cleveland, Ohio; A. Wahl, Canada.

Another year of splendid work at Concordia college was brought to a close by the annual commencement exercises held Tuesday evening, and the college chapel was filled to overflowing with admirers of the class of 1900 and friends of the magnificent old educational institution. Shortly after 8 o'clock the twenty-three talented young men who comprise the class of 1900 marched into the chapel and took their places upon the stage. A male quartet of class members opened the exercises with the song, "Welcome Tonight," and their rich, sweet voices blended in perfect harmony.

Rev. C. Gross, in his salutatory, told of the magnitude of the work necessary to reach the exalted position of a graduate from Concordia; he traced the pupil's course from his entrance at the doors of the college through the toil and the pleasures that mark the path of the successful student. Rev. Gross admonished the young men that as they left the college they were to encounter the first really difficult portion of life's journey, and after a tender expression of interest in their future, appealed to them to continue in paths of industry and upright conduct through life.

The piano duet, "Qui Vive," by Mr. Henkel and Mr. Wahl; the trio, "Medication," by Mr. Henkel, Mr. Wahl and Mrs. Brun, and "Ora Pro Nobis," a bass solo by Mr. Burmeister, were each competently rendered and warmly applauded, but the young men declined to respond to encores. The Latin recitation by S. Mueller, and the Greek recitation by Mr. Henkel also came in for their full share of commendation.

T. Sorg scored a decided hit with his presentation of President Kruger's address to the Boer army, for he gave it most admirably, and the applause was earnest and continued. Mr. Lussky gave a German number and Mr. Brunn's violin solo was skillfully done. They were followed by the quartet in a lullaby, and Mr. Brunn, the class valedictorian, arose to speak the parting words for the class of 1900. Mr. Brunn took a happy view of the past and a hopeful look at the future, and his clever humorous thrusts were vociferously applauded. The closing number, the class song, was heartily given by the entire class. As its blended harmony died away it marked the official close of the college year and told of a new class added to the proud alumni of Concordia.

KHEDIVE IN LONDON.

London, June 27.—The khedive of Egypt arrived in London at noon from Port Victoria, where he has been since he reached England from Flushing, June 21. He showed few signs of his recent illness. The traveler was received on the platform of the Charing Cross railroad station by duke of York embraced his highness, bassador, Anthopulo Pasha, and suite; a guard of honor from the Coldstream Guards, and a band, which played the khedive hymn. The duke of york embraced his highness. After inspecting the guard of honor the khedive entered a royal carriage accompanied by the duke of York, and was driven to Buckingham palace, escorted by a troop of the Horse Guards and cheered by the spectators.

FATHER DENK RESIGNS.

Bluffton News: "Rev. Father Denk, priest of the Bluffton Catholic church, has resigned his position much to the regret of his members and friends here. This course has been taken by him owing to poor health and for some time he has been confined to the Fort Wayne hospital with lung trouble. As yet no one has been appointed to fill the vacancy. Father Guendling, administrator of the diocese of Fort Wayne, has the appointing power and the church expects to have a new priest in two or three weeks. The serious sickness of Father Denk is to be regretted, as he was popular with his congregation and a strong advocate of principles that would better the condition of the human family. It is to be hoped that his health may be speedily restored."

WANAMAKER A VERY SICK MAN

THE GREAT MERCHANT ILL AT HIS COUNTRY HOME.

Is Suffering From Organic Trouble—Condition Dangerous, but the Best is Hoped.

Philadelphia, Pa., June 27.—Ex-Postmaster General John Wanamaker is lying seriously ill at his country residence, in Jenkintown, and aside from his physicians only the members of his immediate family are permitted to see him.

He is suffering from organic trouble, and while Drs. Tyson and John B. Deaver, who are attending him, do not regard his case as necessarily dangerous, they say he is a very sick man. Last evening he was said to be slightly improved and his ultimate recovery is looked for.

Mr. Wanamaker's physical condition has not been of the best for several months and of late his health has failed so much that he was compelled to suspend his work and remain at his home, waiting for rest and careful attention to effect a cure.

Last winter Mr. Wanamaker suffered severely from carbuncles, or boils, that broke out on his neck, several of which were removed. This indicates a run-down system, but as soon as he was able to again be about he plunged into the whirl of his busy life, which he continued until forced to take to his bed again.

ORGANIZE A DRUM CORPS.

Reuben Broward this morning began preparations for organizing a republican drum corps of about twenty members, and it is expected the new organization will figure very largely in the campaign demonstrations this year. A meeting will be called soon to perfect the arrangements.

To accommodate those who are partial to the use of atomizers in applying liquids into the nasal passages for catarrhal troubles, the proprietors prepare Ely's Liquid Cream Balm. Price including the spraying tube is 75 cents. Druggists or by mail. The liquid embodies the medicinal properties of the solid preparation. Cream Balm is quickly absorbed by the membrane and does not dry up the secretions but changes them to a natural and healthy character. Ely Brothers, 56 Warren St., N. Y.

THE MINISTERS SAFE

The Diplomats Are With Seymour's Force a Few Miles from Tien Tsin.

SEYMOUR HARD PRESSED MONDAY

WASHINGTON, JUNE 27.—THE FOLLOWING CABLEGRAM WAS RECEIVED AT THE NAVY DEPARTMENT LATE THIS AFTERNOON:

"CHE FOO, JUNE 27.—SECRETARY NAVY, WASHINGTON—PEKIN FORCE AND MINISTERS REPORTED WITH PEKIN RELIEF EXPEDITION NOW ENTRENCHED EIGHT MILES FROM TIEN TSING.

"KEMPFF."

Washington, June 27.—The Chinese minister called this morning on the secretary of state and communicated to him the contents of a dispatch which he has received from the Tsung Li Yamen at Pekin, dated on the 19th inst.

The dispatch states that the foreign ministers had this date asked permission for the legation guards to enter the city, which permission had been granted; that they subsequently asked that these guards be reinforced, which the Chinese government was not disposed to permit.

The dispatch then goes on to state that the consul general at Tien Tsin, supposed to be the French consul general, had telegraphed to the viceroy of Chih-Li that the foreign admiral had demanded the surrender of the Taku forts, and that the foreign ministers were shortly to leave Pekin for Tien Tsin with their guards.

MINISTERS LEAVE PEKIN.

Paris, June 27.—10 a. m.—The French consul general at Shanghai, telegraphing under date of yesterday, announces that the allied troops have entered Tien Tsin. He states also that the foreign ministers have departed from Pekin for the north, accompanied by a Chinese escort.

It is supposed that they are headed for Shanghai Kouan, following the course of the great wall. The telegram adds that the viceroy of Nankin and the viceroy of Tchingtchetong have requested the consul to announce to the French government that they are protecting the interests of some of the missionaries and some of the foreign merchants in that region.

A Yang Tse telegram of the same date states that the French consul at Che Foo confirms the news of the deliverance from Tien Tsin and the fact that the foreign ministers left Pekin under an escort.

SEYMOUR HARD PRESSED.

Berlin, June 27.—The German consul at Che Foo confirms the contents of the message from Vice Admiral Seymour which reported Tien Tsin Monday saying he was then eight miles westward of that city, terribly harassed, could only hold out another two days and had sixty-three men killed and over 200 wounded, and adds that the admiral asked for the dispatch of a relief column of 2,000 men. This column left Tien Tsin during the morning of June 25 under Russian command.

REPORTS MINISTERS SAFE.

London, June 27.—3:35 p. m.—The British consul at Amoy telegraphs this morning that the Europeans at Pekin are reported to be safe.

A MISSION BURNED.

London, June 27.—A despatch from Tsin Tan, dated yesterday, says that the Protestant mission at Wei Hsein was burned down by rebels Monday last.

MURDER OF MISSIONARIES.

Victoria, B. C., June 27.—The Shanghai Mercury says a member of the boxers' society who saw the murder of Rev. Mr. Ellis, of the London mission, and of a Chinese missionary at Kung Tsun, gave the following account of the tragedy:

"On the 12th day of the fourth moon the boxers, numbering fifty-one, crossed the river Tsz-Tsun and met the two missionaries in a boat. They knew the Chinese was a Christian and at once attacked wounding him with their swords. Then they dragged him out of the boat and tied him to a tree at the riverside. Then Mr. Ellis was tied with him, and Mr. Cso, another Chinese missionary, was found. His toes and thumbs were bound together and he was carried to a tree near where the others were and hung up. The arms of the missionaries were cut off, their heads hewn off, and after the bodies had been disemboweled they were cast into the river. The chapel of the mission was demolished and the crowd went on their way."

This was but one of many such outrages.

SEYMOUR HAS MANY SICK.

London, June 27.—A special dispatch from Shanghai dated last evening says that communication with Admiral Seymour was opened by the Tien Tsin relief force Sunday. Admiral Seymour was at that time said to be ten miles from Tien Tsin. Three hundred of the members of his party are reported sick and wounded; only a few had been killed. They were short of provisions and were returning without having rescued the legations.

HAS SIXTY-TWO KILLED.

Shanghai, June 27.—A German paper has an uncredited statement to the effect that Admiral Seymour is eight miles from Tien Tsin with sixty-two killed and 200 wounded.

HAD THE LATEST NEWS.

Washington, June 27.—The Chinese minister, Mr. Wu, came to the relief of the news situation this morning with a dispatch coming in a roundabout way from Pekin. The minister's news appears to have been anticipated unofficially so far as it relates to the departure of the foreign ministers from Pekin. But the importance of his message lies in the fact that it is a week later in date than any official dispatch which has reached Europe or America since the break in the line of communication on June 12. The minister says the dispatch reached him from Pekin via Sinan Fu, the capital city of Shau Tung province.

The minister is firmly convinced of the accuracy of the statements contained in his message.

DISPATCH IS CREDITED.

Secretary Hay also was inclined to credit the dispatch and was pleased to find that it was corroborated by the dispatch the French consul general in Shan Tung to his own government. There were no other official advices in either the state or navy departments.

The only other news event of the morning was the departure of General Chaffee, who had a final conference with Adjutant General Corbin, and then started for San Francisco with soldierly exactness, allowing himself just one hour to cover interruptions in his schedule between Washington and the army transport at San Francisco.

M. Cambon, the French ambassador, called at the state department just in advance of the Chinese minister, but he had no advices from his own government respecting the Chinese situation.

General MacArthur notified the adjutant general this morning of the departure of the Ninth infantry for China.

ONLY THE NINTH ORDERED.

Despite all reports to the effect that at least three regiments will be placed at General Chaffee's command, Acting Secretary Meikeljohn and Adjutant General Corbin assert today in the most positive terms that the Ninth infantry is the only regiment of American troops ordered to service in China, and that while the Sixth cavalry may go to China in the event that they are needed, their present orders only carry them as far as Nagasaki.

In the possible event that peace shall reign in China by the time of their arrival at Nagasaki, the Sixth cavalry will proceed to their original

BIG STRIKE ENDS.

LONG LABOR WAR IN CHICAGO TO CLOSE.

BRICKLAYERS DECIDE ISSUE

WITHDRAW FROM BUILDING TRADES COUNCIL.

OTHER BODIES TO FOLLOW

LONG AND DESPERATE FIGHT IN LAST STAGE.

Chicago, June 27.—The backbone of the great building trades strike in this city is broken. It is now only a question of hours when the fifteen thousand workmen who have been idle for many months will be arranging agreements for their return to work.

The initial move for ending the lockout was taken at 2:15 o'clock this morning by the brick layers and stone masons' union, the strongest labor organization in the building trades, which voted after an all night meeting to withdraw from the Building Trades Council.

The council will be notified this morning of the withdrawal of the brick layers. This afternoon the arbitration committee of the brick layers will meet the arbitration committee of the Chicago Masons and Builders' association and sign a working agreement to extend to April, 1902, and the brick layers will immediately be given work.

The action of the brick layers' union was the result of the report of the conference committee in which a recommendation was made that the union sever its connection with the central body because that organization is unable to bring about a settlement of the labor troubles.

As the bridge and structural iron workers, gas fitters, plumbers, plasterers and hod carriers' unions have been on the verge of quitting the Trades Council for over a week they will now in all probability follow the course of the brick layers.

The brick layers have a membership of over 3,000.

By tonight it is expected all the formalities connected with the withdrawal of the brick layers and stone masons' union from the Trades Council and the making of a working agreement between the men and the Masons' and Builders' association will be completed.

The belief that this action will cause the dissolution of the Building Trades Council is held by many interested in building operations. On the other hand officers of the Building Trades Council declare that the fight will go on. Officers of the plumbers, carpenters, iron workers and other unions declare they are with the council to the end.

This has been one of the greatest industrial strikes perhaps in the history of the world. It lasted from October, 1899, until June, 1900, involving a loss in wages to laborers in and within a radius of 100 miles of Chicago of over $150,000 a day. About 50,000 men are said to have been idle most of the time.

Not since the great railroad strike of 1894 has there been a strike in this country which approached the proportions of that among the building trades in Chicago. It began practically October 1, 1899, but for more than a year prior buildings had been constructed under unsatisfactory conditions and at a cost vastly higher than was warranted.

PRETTY PORCH PARTY.

Mr. and Mrs. Fred C. Jenne gave a delightful porch party at their home, 228 Madison street, last evening, in honor of Mrs. William Arantz and daughters, Miss Mullie and Miss Rosa Arantz, of Indianapolis. The porch was charmingly decorated with flowers and Japanese lanterns, and lighted by acetylene gas. In the games of progressive pedro first prizes were won by Frank Jenne and Mrs. Ed. Perrey, while the consolation awards went to Joseph Doyle and Miss Eva Rupple. Dainty refreshments were served at the close of the playing.

Mrs. J. C. Schermerhorn and little grandson, with the nurse, are the guests of Mr. and Mrs. J. H. Fry. Mrs. Schermerhorn is Mrs. Fry's mother. She resides in Buffalo, N. Y.

TWO NEW MEMBERS OF BAR

JOHN W. EGGEMANN AND H. I. SOMERS ADMITTED.

Judge Vesey Disposes of Several Cases in the Superior Court—Notes.

Judge Vesey this morning admitted to practice at the Allen county bar John W. Eggemann, of this city, and H. I. Somers, of Hoagland. Mr. Eggemann presented a diploma from Notre Dame university, from which institution he graduated a couple of weeks ago. He is a Fort Wayne boy, born and raised here and for four years has been attending Notre Dame university. He graduated with high honors and there is every reason to believe that Mr. Eggemann will make his mark in the profession he has chosen to follow.

H. I. Somers has lived for years at Hoagland, this county, and only recently graduated from the Indianapolis law school. Both the young attorneys will probably practice in this county.

COURT NOTES.

The evidence has all been submitted in the case of Edward Gilmartin vs. Timothy Bearss and Jane Logan and Special Judge Leonard will hear the arguments next Friday.

Judge Vesey is hearing evidence in the case of Langford vs. Ryan.

In the superior court Judge Vesey rendered judgment on the verdicts in the cases of Timmons vs. Roehrs and McClellan vs. Scott. The first verdict was for $750 and the case has been appealed to the supreme court. In the second case the verdict was for $139.85, but the plaintiff remitted $1.85 and Judge Vesey rendered judgment for $138.

COMMITTEE WILL ORGANIZE.

The finance committee for the national encampment of the Union Veteran Legion will meet at the office of P. A. Randall some time during the present week to organize and within a few days will begin active solicitation of funds for the big event in September. While the lowest railroad rate yet conceded by the Central Traffic association is one fare for the round trip from all parts of the United States, there is certain to be the biggest crowd ever in Fort Wayne for an entire week.

COMPANY INCORPORATED.

Indianapolis, Ind., June 27.—(Special.)—The Perrine-Armstrong company, lumber dealers, filed articles of incorporation today. The captial stock is $60,000 and the incorporators are Van B. Perrine, of Fort Wayne, and others.

SCORES OF VISITORS.

The Allen county court house has already attained the reputation of being one of the finest structures in the country and today scores of excursionists who came to Fort Wayne on an excursion over the Findlay railway called on the commissioners and were permitted to make a tour of the building.

WILL MAKE "TEDDY" UNIFORMS.

S. M. Foster will shortly commence to manufacture rough rider uniforms for the use of republican political clubs, to be used during the political campaign this fall. These organizations are springing up all over the country and it is anticipated that there will be considerable demand for the uniforms.

Rev. J. W. Lake, of Calvary U. B. church, will return from Lebanon, Pa., this evening, where he has been attending a convention of the Y. P. C. U. of the United Brethren churches of the country.

ON OLD PLATFORM

THE DEMOCRATS OF ILLINOIS ARE STANDING.

REAFFIRM THE 1896 ISSUES

PROMINENCE GIVEN THE NEW QUESTIONS.

THE MICHIGAN REPUBLICANS

MEET IN STATE CONVENTION IN GRAND RAPIDS.

Springfield, Ill., June 27.—The democratic state convention reconvened today to complete the ticket and adopt a platform. The list of delegates and alternates to the national convention was read and approved.

Mayor Carter H. Harrison, of Chicago, chairman of the committee on resolutions, then read the platform. The document endorses the national platform of 1896, "in whole and in all its parts." It denounces the national administration as "the weakest in the history of the nation" and especially condemns the "cowering attitude of the president and his advisors in refusing consolation and sympathy to the heroic Boers in their struggle for independence," invokes public condemnation of "an administrative policy which denies to Cuba, Porto Rico and the Philippine Islands the principles of home rule and self government and seeks the subjugation of a free and enlightened people for the glory of an imperial policy, revolting to our traditions and a defiance to the principles of our federal constitution."

The new currency law is declared to be the foundation for a "money trust which will have power to control the prices of all property and stimulate or strangle business."

SYMPATHY FOR BOERS.

Sympathy is expressed for the Boers, while imperialism is denounced as "necessarily leading to militarism and wholly foreign to our system of government."

Alliances with the European nations are "regarded with apprehension."

"Trusts and monopolies, formed for the purpose of arbitrarily controlling products and prices in the interest solely of combined capital, if allowed to go on," the resolution declared, "can result only in industrial serfdom, for the mass of the people."

Protective tariff and "railway discrimination" are declared to be blameable for existing trusts and stringent legislation is demanded for their restriction.

The immediate building of an interoceanic canal is favored; the Monroe doctrine is reaffirmed; postal savings banks are favored, as is also public ownership of public utilities and the election of United States senators by direct vote.

The general principle of the initiative and referendum is favored.

"Unqualified admiration" is expressed for William J. Bryan, who is declared to have been robbed of office in 1896.

The Illinois delegation to Kansas City is instructed to vote as a unit for Bryan.

The resolutions were unanimously adopted.

THE STATE TICKET.

The state ticket was then completed, as follows:

For Governor—Samuel Alschuler, of Aurora.

For Lieutenant Governor—Hon. Elmer E. Percy, of Brown.

For Secretary of State—James F. O'Donnel, of Bloomington.

For Auditor—George B. Parsons, of Shawneetown.

For Treasurer—M. F. Dunlap, of Jacksonville.

For Attorney General—James Todd, of Cook.

Also three state university trustees.

At noon the convention adjourned.

The state central committee met immediately and selected Dr. Walter Watson, of Mount Vernon, as one of the alternates-at-large to the national convention in place of Former Vice President Adlie E. Stevenson, who declines.

MICHIGAN REPUBLICANS.

Grand Rapids, Mich., June 27. Bliss workers were undeniably the most confident people in the entire "push" of delegates, politicians and spectators when the republican state convention assembled at 11 o'clock today. Those engaged in pushing the gubernatorial candidacy of the Saginaw colonel seemed not only to have held their delegates together during the night and morning, but it was conceded that their strategy in making combinations had proved more clever than that of the large and influential following of D. M. Ferry, of Detroit, or the crowd which had come in from Lansing and many western Michigan towns to boom the governorship candidacy of Secretary of State Stearns.

It seems improbable that nominations will be reached today. The convention will continue two days and perhaps longer. The feeling to-seems to be that dark horse candidates will stand little show, as the delegations assert that they will fight, as now aligned, for a long time.

The convention was called to order by Gerrit J. Diekema, of Holland, chairman of the state central committee.

THE CHAIRMAN'S SPEECH.

After an invocation by a local clergyman, Hon. Daniel P. Markey, of Port Huron, was introduced as the temporary chairman. He said in part:

"Great and beneficial as has been and will be the results and influence flowing from the enactment of the Dingley tariff act, it will be found that the financial legislation embodied in the act of March 14, 1900, is the crowning glory of McKinley's administration. It has removed doubt as to the financial honor and integrity of our nation, and has resulted already in placing our credit on the highest pinnacle of financial security and premium. The world now knows that our money is honest, that while every dollar issued by our government is not a gold dollar, it is just as good as a gold dollar and that it is made the duty of the secretary of the treasury to keep them so and to redeem them in gold on demand.

"There is no problem before the people for solution more needs the attention of the republican party than trusts. These institutions are the creation of the state. They could not exist save for laws made by the states, and while we as a party have no war against corporations properly conducted for the proper purpose, we cannot permit the existence of any such that have for their object or in effect accomplished the robbery of the people or the destruction of their business enterprises. This question should have no place in party politics. It is a question upon which all people are interested and all political parties should be agreed.

"Only the demagogue will attempt to say that it is a party question. We must meet the demagogue and demonstrate even to him that as a party we have no sympathy with any institution that would either enslave or rob the people; but that on the other hand, as far as in our power lies we will by statute and constitutional amendment, if the power is given us, regulate and control these combines in the interests of all the people.

"Our early expansion was in the way of room to grow—to develop. For we wanted territory for the creation of a mighty nation of marvelous resources, while now we want commerce and the room to develop it to help accommodate our productive power which has far outstripped our powers to consume and which has no equal in all the world. Cuba and Porto Rico on the south stand at the entrance of the route to the trade of South America, while Hawaii and the Philippines in the Pacific are in direct line of the commerce with the far east, where we are yet to find a great and profitable trade. But whether our expectations in respect to the value of these islands from a commercial standpoint shall be fully realized or not, we must and will give to their inhabitants all the freedom and liberty consistent with their best interests and demands of civilization.

HILL BOOM SHELVED.

Little Rock, Ark., June 27.—When the democratic state convention reassembled today the report of the committee on platform and resolutions was submitted by Congressman T. C. McRae and adopted. The platform reaffirms the Chicago declaration of 1896; favors strict observance of the Monroe doctrine; declares for government construction and ownership of the Nicaraguan canal; denounces trusts; condemns the "death dealing policy of the republican administration in the Philippines;" insists upon giving freedom to Cuba and demands the same rights for the Philippines, and demands national legislation against trusts.

Former Governor James P. Clarke was selected national committeeman without opposition. Senator James K. Jones, Senator James H. Berry, former Governor Clarke and Hon. Jeff Davis were elected delegates-at-large to the Kansas City convention. Resolutions instructing the delegates to vote for David B. Hill for vice president were withdrawn.

CAMPAU FOR SECOND PLACE.

Detroit, Mich., June 27.—Daniel J. Campau, chairman of the Michigan democratic state central committee and member of the national committee, is in receipt of many letter from various states urging him to become a candidate for the vice presidency before the Kansas City convention. Mr. Campau cannot be called even a receptive candidate. He declares himself only as anxious to see the vice presidency go to a state which can draw the most, otherwise doubtful, votes to the ticket.

Mr. Campau's political secretary declared today in positive terms that Campau's name would be presented to the Kansas City convention as a vice presidential candidate.

Tom McHenry, who has been pursuing law studies in this city, will leave tomorrow for Ann Arbor to enter school for a preparatory course in literature.

IS VERY ANNOYING

BOER ACTIVITY IS RAPIDLY INCREASING.

DEWET IS QUITE AGGRESSIVE

TAKES ADVANTAGE OF LORD ROBERTS' QUIESCENCE.

PENETRATED RUNDEL'S LINES

PROGRESS OF THE WAR IN SOUTH AFRICA.

London, June 27.—Telegrams from South Africa indicate that the renewed Boer activity increases in proportion with Lord Roberts' quiescence, so the completion of the commander-in-chief's enveloping movement, supposed to be in progress, is anxiously awaited.

The news this morning supports the report that the Boers succeeded in piercing General Rundel's lines and penetrated southward.

It appears that failure of the British to properly guard their line of communication north of Kroonstad involved disaster to a body of Barutse working on the railroad, of whom twenty were killed and 200 were made prisoners.

This has had a decidedly bad effect in the native mind and a recrudescence of unrest is reported in Barutoland.

NOVITIATE TO BE MOVED.

Washington, June 27.—One of the greatest changes that has ever occurred in the Jesuit province of Maryland will take place at an early date, by order of the superior general of that community in Rome. After an existence of seventy years the famous St. John's novitiate, at Frederick, Md., is about to be moved to a location on the Hudson river above West Point, where property of considerable value has been acquired. The old novitiate was founded by Father John McElroy, S. J., who received ordination as a priest from Archbishop Neale, of Baltimore, in 1816, and died at Frederick in 1873. Many celebrities are buried in its shadow, among them the third chief justice of the United States, Roger Brooke Taney, and the Jesuit missionaries Villiger, Tuffere, Sanders and Vigilante. In the transferal to New York these graves will not be disturbed. Father Edward Purbrick is now provincial of the Jesuits in this province, which originally covered the country, but at present embraces only the southern, middle and New England states. The province was founded in 1634. He resides at St. Francis Xavier's college, New York city, though the residence of nearly all his predecessors was in Baltimore.

FEW SIGNS OF STRIKE.

St. Louis, Mo., June 27.—Except for the boycott and 300 extra policemen on duty, little remains to tell of the strike of the St. Louis Transit company employes, inaugurated May 8. Cars are in operation on all the lines without hindrance and are well patronized, except on those running north and south, where many thousand persons, because of the boycott and through sympathy with the strikers, patronize wagons and 'buses, manned by ex-street railway employes. Today the remainder of the force of Sheriff Postleman's posses, about 600 men, was mustered out of service, the board of police commissioners having decided they were no longer needed. It was at first intended that 1,000 would be required for service on July 4 to suppress any trouble that might occur, but this plan has been abandoned.

FREE TRADE PASSING.

London, June 27.—On the resumption today of the session of the Association of Chambers of Commerce of the United Kingdom, the president of the board of trade, C. T. Ritchie, addressed the delegates. Referring to yesterday's discussion of commercial relations, he said he believed the days of the strict Manchester free trade school were passing. The remark was greeted with cheers and cries of dissent, after which Mr. Ritchie explained that he did not wish to infer that Great Britain was likely to abandon her free trade policy, but thought that, without departing from the fundamental principle, there might be arranged a closer reciprocal connection between the motherland and the colonies.

TO CHOOSE TICKET

NATIONAL PROHIBITIONISTS IN SESSION.

CONVENTION ON IN CHICAGO

WILL NOMINATE A NATIONAL TICKET.

THREE OUT FOR PRESIDENT

POLITICAL CONVENTIONS IN OTHER PLACES.

Chicago, June 27.- The national convention of the prohibition party met today in the First Regiment armory, Sixteenth street and Michigan avenue. Of the 1,034 delegates who were entitled to seats in the national convention, more than three fourths were in attendance when Chairman Oliver W. Stewart, of the national executive committee, called the convention to order this morning, and it is expected that by tomorrow, when nominations for president and vice president will be made, that nearly a thousand representatives of the party will be present to take part in the choosing of the national leaders. Nearly all of the eastern and central western states had full delegations present, the absentees in most instances being from southern and Pacific coast states.

It was exactly 10:30 a. m. when Chairman Stewart, of the national committee rapped for order. At that time nearly all the delegates were in their seats, while the galleries surrounding the big drill room of the First regiment were filled with spectators. Just previous to the fall of the gavel the delegates from the New England states marched into the hall in a body, each delegate carrying a canteen with the letters "U. S." inverted and bearing the legend "Anti-canteen."

They were liberally applauded. After the convention had come to order Chairman Stewart proceeded to deliver his formal address.

CHAIRMAN'S ADDRESS.

He spoke in part as follows:

It affords me great pleasure, in calling this convention to order, to congratulate you on this great gathering. The prohibition party is not dead. It is not asleep. It is wide-awake and full of life. Slowly but surely has the realization come to us all that this year affords the greatest opportunity in the history of the party.

I have said often that if we had the spirit of 1856 or 1892, along with the opportunity that 1900 brings to us, we could poll a million votes. I have said that is the past, doubting whether we could succeed in raising the party to the zeal and enthusiasm of those years. Late reverses proven beyond doubt that the task is not an impossible one.

This is to be a history-making convention, and you who are here as delegates to participate in its deliberations occupy positions of no small honor and responsibility. That you will discharge your duties in a proper manner is not doubted. I am confident that your platform declarations will be acceptable to all the members of the party. It is not an easy thing to prepare a platform upon which a great reform organization is to go before the country, but our duty is so clear and so plain this convention could not go far astray.

We are set for the overthrow of the liquor traffic. We intend that the American saloon shall be outlawed. On that account we have withdrawn ourselves from the other parties and have banded ourselves together as prohibitionists.

We are agreed that the saloon ought to die and upon that declaration we are ready to face the world. This convention is to nominate candidates for our party. There are many able men from whom to make the selection. It is a source of rejoicing to know that whatever contest there may be for the honors of this convention it will be on the part of all a friendly rivalry. If in its wisdom, the convention chooses as its standard bearer him who lives in the city by the lake, the mention of whose name always thrills our heart, he will be loyally followed by prohibitionists beyond the Allegheries and Rockies, as well as by those of the great Mississippi valley.

Should [illegible] choice be him who will be named by the Keystone state, your support will not be less enthusiastic and if southern Illinois is to have this honor in the person of her favorite son, the nomination will meet with a hearty response from all sections of the land.

I feel it an honor to call this convention to order. Following our time honored and proper custom, we will come first to the throne of Grace and ask the help of Him who holds the destinies of nations in his hand to guide us in all deliberations of this convention.

Chairman Stewart then introduced Dr. John H. Hill, of Chicago, who delivered a lengthy address of welcome. Several members of the first prohibition convention, which was held in Chicago in 1869, were in the hall, some of them as delegates, and at Dr. Hill's request they were escorted to the platform.

Chairman Stewart then announced temporary officers as follows:

Chairman—Samuel Dickie, of Michigan.

Secretary—A. E. Wilson, Chicago.

Assistant Secretaries Colonel Jellis, of Tennessee, and E. B. Sutton, of Idaho.

Chairman Dickie made a brief speech outlining the work to be done by the convention.

ASSAILED ADMINISTRATION.

"I believe the prohibition party is on the eve of important events," said Mr. Dickie. "We represent a reform which makes all national reforms pale into insignificance or disappear altogether. The democratic party stands for the continuance of the liquor traffic; the republican party stands for its perpetuation."

Mr. Dickie bitterly assailed the national administration for its position on the canteen law and charged it with "debauching the peoples of its new possessions in the Philippines."

He also accused the government with using its consular service for gathering information for the use of distillers and brewers. At the conclusion of Chairman Dickie's speech the rules and order of business were adopted and committees were announced.

A recess was then taken until 2:30 o'clock.

Nearly 2,500 prohibitionists, including the delegates to the national convention and to the state convention, which met here yesterday, gathered at the Palmer house and marched through the down town streets to the First regiment armory.

Previous to the parade the reception committee had met Joshua Levering, of Pennsylvania, prohibition candidate for the presidency in 1896, who arrived this morning, and escorted him to the Palmer house.

THREE CANDIDATES.

Three avowed candidates for the presidential nomination are in the field John D. Wooley, of Chicago, editor of the New Voice, and a prominent platform advocate of the cause of prohibition; Hale Johnson, of Newton, Ill., and Rev. Silas C. Swallow, of Harrisburg, Pa.

The latter has a high reputation as a pulpit orator and had many supporters among the delegates from the eastern states. Friends of Mr. Wooley express themselves as being confident of his nomination on the third or fourth ballot, claiming for him the almost solid support of the Michigan, Wisconsin, Maryland, Missouri and Nebraska delegates, a majority of the votes of the New York, Kansas, California and Ohio delegates, and half of the vote of Illinois. Last night Mr. Wooley was also assured of the support of the Delaware delegation, a representative of that delegation asking to be allowed to place Mr. Wooley in nomination.

This, according to Mr. Wooley's partisans, practically assures him the nomination. For Hale Johnson, the votes of North and South Dakota delegations are solid, a majority from Minnesota, and half of Illinois, besides scattering votes from other states were assured. A majority of the votes of the New England state, Colorado, Pennsylvania and Indiana delegation were claimed, the Indiana delegates desiring the nomination for president of an eastern man on account of the vice presidential boom for Felix F. McWhirter, of Indianapolis.

For vice president, besides Professor McWhirter, Henry B. Metcalf, of Rhode Island; W. B. Witherspoon, of Alabama, and W. W. Smith, of New York, are candidates.

The vice presidential nomination, however, probably will be governed entirely by the result of the balloting for president, the nomination of a western man being almost certain to result in the choice of an eastern man for second place on the ticket, and vice versa.

TO PETITION DEMOCRACY.

It developed yesterday that the prohibitionists of the United States expect to go before the democratic nation convention at Kansas City July 4 with a list of 1,000,000 voters pledged to support William J. Bryan if the democratic party will adopt a prohibition plank in its platform. Not even the advocates of this movement expect the democrats to favor such a plank, but they believe and insist that it will be the entering wedge which will finally split one or the other of the two great parties and build upon the ruins the foundation of a new party.

The plan of pledging 1,000,000 voters by a signed agreement to support no candidate who would not stand firmly on the prohibition issue originated with the Ram's Horn.

TALKS OF THE PLAN.

W. D. Turmey, delegate-at-large from Tennessee, who was the nominee of his party for governor in 1898, arrived at the Palmer house yesterday. He said:

"The prohibition question is as much a question of sound politics as was the abolition question. In 1856 the whig and democratic conventions both declared that abolition was a moral and not a political question. There was no warning word from 1,000,000 pledged voters, but the republican party arose upon the ruins of whiggery and took for its leading issue abolition. We hope that our cause will parallel that of abolition. We care less for the success of our party than for the success of our cause."

Many of the delegates assembled at the Palmer house yesterday, who heard for the first time that 1,000,000 pledged voters would go before the democrats July 4, wanted to know why they had not gone before the republican convention at Philadelphia. Inquiry proved that the list of pledgers was not complete at that time, but it was agreed that it would be useless to expect concessions from the republicans after what some described as the "craven inaction of President McKinley in refusing to abolish the army canteen when he had a chance."

TOM SHARKEY WAS WHIPPED

GUS RUHLIN TOO MANY FOR THE SAILOR LAD.

End Came in the Fifteenth Round, but It Was the Akron Boy's Fight All the Way.

New York, June 27.—For the first time in his pugilistic career Tom Sharkey went down to decisive defeat last night in the historic arena of the Seaside Athletic club, and big Gus Ruhlin, the Akron (Ohio) pugilist, was his conqueror. It was a clean knockout after fifteen rounds of fighting that made a memorable ring battle. Even in the matter of aggressiveness Ruhlin led from the face-off in every feature of the game and at all times had the fight well in hand.

Sharkey did not give up his place in the line of first-class heavy weights without a desperate struggle. No soldier ever gave more desperate battle, no man sinking to unconsciousness ever clung more determinedly to his vitality. Even at the end, when blinded by the blows of his powerful opponent and dulled mentally by the battering of his foe, he clung instinctively to the massive frame of the man who was his master.

The decisive battle and unexpected result were truly a surprise for the sporting public. No line of form that could be figured gave the Ohioan more than a one-to-two chance. Sharkey had met and at least stood off all of the leading heavy weights now in the ring.

A DRAMATIC FINISH.

The finish was dramatic. Sharkey had struggled through the fourteenth round by desperate effort and was but little revived when he came up for the fifteenth. He made a wild try with his left.

Ruhlin sprang in and beat the Irishman down to the floor with a volley of punches. The resolute fighter struggled to his feet and when Ruhlin came in clutched him around the waist. Ruhlin shook him off and dropped him again.

A thousand men, frenzied in their excitement, surrounded the ring, and there was a din of hoarse yells. Sharkey scrambled up again and then staggered against the ropes.

Ruhlin seemed unable to finish him and that would have been a charity. Sharkey went down for the third time, and with dogged determination staggered to his feet. He was blind and unsteady and a punch put him down. The referee stepped in and ended the contest.

DALY-BURK CONTEST.

On Friday evening at the Princess rink Joe Daly, of Atlanta, Ga., and Thomas Burk, of this city, will meet in a sparring contest which will be limited to twenty rounds, the decision to be given on the points made by the respective contestants. This will without doubt be the cleverest bout seen in Fort Wayne since the celebrated White-Siddons contest about eight years ago. The affair is being given under the auspices of the Summit City Athletic club. Daly writes the club from Cincinnati that he is in excellent form and is in shape to give the exhibition of his life. He is the champion welter-weight of the south, and Burk has been seen here on several occasions in events given by the St. Joe Athletic club. The exhibition Friday night has attracted considerable attention throughout this section of the state and applications for a considerable number of tickets have been received from abroad.

BLOOD BUILDER....

A good one, for it has stood the test of years—Beef, Iron and Wine. Beef is for nutrition. We use a concentrated extract of beef, a single ounce of which has in it the nutritious principles of four pounds of prime lean beef. Iron is for the blood. Increases the quantity and quality. Wine is to give strength and to stimulate the appetite. The three together are for you—if you need an agreeable tonic. Pints, 75 cents.

Four events, two trotting races and two pacing races, are in the card for the matinee meet of the Fort Wayne Amateur Driving club on July 4 and the entries are being made rapidly. OIL AND GOLD MINES

Visitors Speak of the Food Used.

Major Desborough, writing from Fresno, Cal., says: "I found Grape-Nuts food 45 miles in the mountains in an old oil camp, where the whole crowd, 10 men, eat it for breakfast every day and every Sunday have it in a pudding for dinner."

Gen. E. C. Machen, an old confederate soldier, has just returned from an extended trip through the southwest and along the Mexican border, investigating mining properties. He says: "No matter where I traveled I always found it possible to get Grape-Nuts and Postum Food Coffee, of which I am very fond."

The Grape-Nuts breakfast food is especially valued by campers and frontier people, as it is already cooked and ready for instant service, and being concentrated, furnishes unusual strength and nourishment, in a small quantity. It is believed that a man can travel farther and exercise more continuously on a few teaspoons of Grape-Nuts than on like quantity of any other food known.

The reason for this is that there are selected elements in Grape-Nuts that furnish direct to the brain and nerve centers the necessary particles to rebuild the delicate gray matter contained in these parts, therefore a man constantly fed on Grape-Nuts is absolutely certain of a good condition of the nervous system, which is really the controller of the entire body.

While the British cordon is being drawn around Steyn's forces in the Orange state there seems to be a total lack of ability to get DeWet to stay within the cordon.

As to the proposition that the United States shall hold Wu Ting-Fang, the Chinese minister, as a hostage for the safety of Minister Conger, the question arises at the Chinese [illegible] should [illegible] Mr. Conger what would we do with Mr. Wu?

The charge is openly made by the correspondent of the Chicago Times-Herald that the sum of $5,000 was [illegible] of the platform com[illegible] Philadelphia to sneak the [illegible] "Isthmian" for the little [illegible] "Nicaragua" in the intercanal [illegible] plank. The correspondent [illegible] statement [illegible] what he [illegible] knowledge of [illegible].

[illegible] from Manila state that [illegible] MacArthur's amnesty proclamation, which has been posted generally throughout the islands of [illegible] and Luzon, has failed as yet [illegible] any results. The natives [illegible] insist that the question of [illegible] must be settled before they [illegible] down their arms. At present [illegible] understood to be in abeyance [illegible] investigation by Judge Taft [illegible] would seem to indicate that the [illegible] of the joint commissioners of [illegible] administration and the Vatican, Archbishop Chapelle, has not been [illegible] successful in adjusting the difficulty.

WIPE THEM ALL OUT.

One might be led to think from [illegible] discussions of the question that the difference between the "new" policy game and the "old" policy game was distinguished by some honorable merit in favor of the "new."

The public is not interested in this distinction. Policy is policy, and it is a species of gambling that ought to be wiped out of Fort Wayne forthwith.

The "old" policy is not any worse than the "new" policy game and it is not any better. Each is about the worst that could be.

It does not cut any figure what the mayor intends to do about the "old" game or the "new" game. What is he going to do about policy gambling wherever found in Fort Wayne? What is he going to do about policy in this city, no matter who is back of the game?

The public is not so much interested in whether "Jake" or "John" or some other gambler is back of the "old" game or the "new" game, as that the mayor shall put them all out of the business for good in this city.

THE MAYOR AND GAMBLING.

Mayor Scherer is always going to do something. He is continually striking out into the empty air of the future, but never delivering straight from the shoulder when he has his object within arm's reach in front of him.

He has repeatedly announced that he would suppress gambling. A day or two ago he declared he would suppress policy gambling in Fort Wayne. He warned policy gamblers that the next time they were brought into his court he would give them the limit.

Why did Mayor Scherer decide to wait until "the next time?" Why did he not "give them the limit" right there and then?

Instead of fining the gamblers the full penalty the law permits him to impose, he assessed one-fifth of the limit. This seems to us to strikingly illustrate the mayor's attitude and purpose.

One part of punishment and four parts of leniency do not make a very drastic compound for the cure of an obstinate chronic moral disease like public gambling.

There was one-fifth of purpose to suppress the gamblers and four-fifths of disposition to let them go.

Does Mayor Scherer really believe that he will wipe out the policy gamblers that way, or does he complacently think that such obvious faltering will serve to fool the people and keep himself on good terms with the gamblers?

If Mayor Scherer is going to wipe the evil out of this city there is but one way to go about it; but one way an official who is honest, brave and determined in his purpose would go about it—and that is to convict the gamblers as often as can be done and fine them as heavily as the law allows.

The way to suppress gambling is to suppress it.

The mayor always has temporized with the issue and he is doing that now. He has come to the point when he must [illegible] whether his hand or the hand of the gambler holds the power in the city hall.

AGAIN AFTER THE MAYOR.

(The Morning's Journal-Gazette.)

We hope you are honest in your proclamation against gambling, and we certainly will be the last to doubt it.

There has been no evidence of the "new concern" on the street for three [illegible] it was [illegible] closed [illegible], but while you were addressing Jacob Bickel, the chief policy shark, in police court yesterday and warning him to quit business, his men were writing policy slips in the saloons, hotels, barber shops, restaurants and shady places about the city, [illegible] only four of his seven or eight collectors were arrested, and the men arrested worked their regular routes.

M. Bickel, who should have been fined [illegible] in public places that he would not stop dealing policy, and as proof of it cited that you had not and would not publicly instruct the police officers to pursue the policy workers into their haunts and arrest them.

We hear it said that the Louisville policy gamblers have money enough to debauch the city. Is it a fact!

Is it a fact that you dare not arrest and fine this impudent lawbreaker and gambler, Bickel?

INTERESTING PROGRAM FOR PRESENTATION.

SCHOOL MEN ARE AT WINONA

STATE MEETING OF COUNTY SUPERINTENDENTS.

Winona Lake, Ind., June 27.—The Western Association of Writers is in session here, the first meeting, which was in the nature of a reunion, being held Monday night. Two regular sessions were held today. The general subject for yesterday's meetings was "The Literary and Scientific Development of the Territory Northwest of the River Ohio for the Past One Hundred Years," and all the papers and addresses were along that line. In the morning Miss Nicholson, of Wisconsin, delivered an address on "Wisconsin's Development and Place in Western Literature, With Illustrations." Alice E. Bartlett, of Michigan, represented that state with a paper on "Michigan Authors and Literature." Poems by Rev. A. Robinson, Jethro C. Culmer and Benjamin S. Parker, of New Castle, Ind., completed the morning program, with the exception of the music, which was furnished by Miss Berdice Blye, of Kentland, Ind.

At last night's meeting Miss Minnetta Taylor, of Indiana, made an address on the subject, "Indiana." She showed the development of literature in the state during the past hundred years. "Ohio and Illinois" was a subject then thrown open to general discussion, and informal talks were made by representatives of these two states. Music by Miss Clara Koontz and Miss Berdice Blye enlivened the program.

The principal feature of Monday night's program was the address of the president, Lee O. Harris, of Greenfield, Ind. The rest of the program was made up of a sketch by Mark L. De Motte, of Valparaiso, Ind., and a poem by Miss Kathleen Hurley, of Wisconsin. The writers will be in session until Friday night, holding two meetings daily.

Among the latest arrivals at the Winona hotel are the following: Benjamin S. Parker, New Castle; John C. Chafee, Greencastle; M. W. Deputy and wife, Vernon; Maude C. Smalley, Brookville; Miss Alice E. Bartlett, Detroit, Mich.; Miss Clara E. Laughlin, I. K. Friedman, B. E. Page, Chicago; Mrs. C. P. Wright, Logansport; R. C. Hillis, Logansport; T. S. Thornburg, Monticello; W. L. Kellenberger and wife, Kentland; Bertha Bourbake, Culver; I. F. Meyer, Delphi; W. W. Plummer, wife and daughter and Miss Drake, Kentland; Hector Fuller, John C. Curtis, Indianapolis; Theodore Griffith White, Richmond; Roy Stephens, Lexington, Ky.; James H. Clark and wife, Columbus; Lee O. Harris, Greenfield.

At the Minnewawan Inn: H. Metcalf and wife, Tabor, Iowa; Grace Smith and Mayme Kline, Peru; John Leese, Huntington; C. Orville Witler, Ashland, Ohio; F. M. Rector, Cyrus A. Rector, Gaston; S. Merrill Tilson, Greenwood; Severance Burrage and wife, Lafayette; Oscar D. Melton, Amboy; C. R. Bonner, Burrows; O. A. Faulkner, Anderson; Paul Coughlen, Peru; W. B. Black and C. E. Hough, Bloomington; T. R. Brown, Frankfort, and B. E. Myers, Washington.

LEAVES THE METHODISTS.

Laporte, Ind., June 27.—Rev. W. D. Wattles, who recently resigned the pastorate of the Methodist Episcopal church at North Judson, has withdrawn his affiliation with that faith and has joined the Friends' denomination. He will be authorized by that church to work as an evangelist and this state will be the scene of his labors.

SPURRED BY A ROOSTER.

Elkhart, Ind., June 27.—While attempting to release a small chicken which had become entangled in a wire fence, Mrs. George Spangler, near this city, was attacked by a pugnacious rooster, which drove one of its spurs into her forehead, severing an artery. Mrs. Spangler narrowly escaped bleeding to death.

HEIRS HARD TO FIND.

Richmond, Ind., June 27.—Nearly 500 letters have been received by Frank Chambers, administrator of the estate of the late D. S. Dibble, relative to the disposition of his belongings. Some of the letters are from persons who claim to be related to Dibble, while other writers seek to throw some light on the family history and give names of persons who they believe to be heirs. Nearly every state and territory is represented in the letter-file up to date, but there has not been one piece of information as yet that gives a tangible clew to the whereabouts of Dibble's legal heirs.

KICKING AGAINST CENSUS.

Logansport, Ind., June 27.—It is estimated that fully one thousand people were missed by the census enumerators in Logansport. There is much complaint and many insist on a re-enumeration.

A DRUGGIST KILLS HIMSELF.

Huntington, Ind., June 27.—Rudolph Schaeffer, a well-known druggist of this city, is dead from the effects of a dose of morphine, taken with suicidal intent. He had been one of the most popular and successful business men in the city for the last thirty years. Recently, however, he became dissipated, and his wife brought suit and had a receiver appointed for his property. The humiliation worried him, and his suicide is attributed to regret over his many mistakes. His wife is alarmingly ill from the shock.

PERMANENT SITE SELECTED.

Laporte, Ind., June 27.—The Northern Indiana Holiness association has selected Plymouth as the permanent site for the holding of the summer meetings. The meeting this year will begin July 13, and will continue for an indefinite period. It will be in charge of Rev. M. L. Haney, of Normal, Ill., and the singing will be directed by Rev. J. M. Dustman, of Urbana, this state.

A JAW TORN AWAY.

Bourbon, Ind., June 27.—While Henry Heirtman was petting a colt, the animal suddenly kicked him in the face, tearing away the jaw. His life hangs in the balance.

GOES TO PRISON.

Hartford City, Ind., June 27.—H. C. Kemp, the embezzling sewing machine agent, was sentenced yesterday and was taken to Michigan City to serve from two to fourteen years. Gambling caused his downfall. Willie Erwin, the seventeen-year-old boy who robbed J. W. Cawley's residence, was sentenced to the reform school for boys at Plainfield.

THE MISSION WILL CLOSE.

Auburn, Ind., June 27.—The Auburn Christian mission, which has been conducted so long by Charles Eckhart, prohibition candidate for governor, will be closed this week and the fixtures will be sold at auction sale Saturday.

NEW TRIAL REFUSED.

Muncie, Ind., June 27.—John Hollister, who was found guilty of attempting to criminally assault Mrs. Lavina Jones, of Yorktown, and who was sentenced under the indeterminate law, has been refused a new trial by Judge Leffler. His attorneys gave notice that the case will be taken to the appellate court. Hollister is an ex-minister of the gospel, who recently has been a patent medicine agent. The testimony at the trial was conflicting. The defendant, before the recent panic, was a wealthy man, with carriages at his command. The failure of a bank in which he had $30,000 ruined him.

SCHOOL SUPERINTENDENTS.

Warsaw, Ind., June 27.—The county school superintendents of Indiana are holding their annual meeting at Winona. The first session was held yesterday afternoon and sessions were held today and will be held tomorrow morning. The principal speaker of the meeting is Dr. Severance Burrage, of Purdue university. Yesterday afternoon Dr. Burrage made an address on "Some Problems in the Sanitation of Our Schools." The question was also discussed by Dr. I. B. Webber, secretary of the city board of health, of Warsaw. Superintendent C. A. Van Matre, of Delaware county, delivered an address on "Classification and Gradation of Schools." Superintendent L. H. Hamilton, of Jasper county, also discussed the question. Almost every county in the state is represented.

FEW EXEMPT CATARRH

As four out of every five persons in the United States have Catarrh in some form, it may appropriately be called our national disease.

Catarrh begins with a simple inflammation of the inner lining of the nostrils and throat—a bad cold—soon goes deeper and attacks the lungs, stomach, kidneys and other organs. The foul secretions accumulate in the blood until the entire system is polluted.

Catarrh is Common

Catarrh is common and cures rare because the treatment is wrong. Sprays, washes and inhaling medicines relieve for a short time, but do not cure. Local treatment can not reach the seat of the disease, which is the blood. Catarrh is deep-seated and obstinate.

Cures are Rare because Treatment is Wrong

S. S. S. is a certain, complete and safe cure, because it is the only medicine that is able to force out of the blood all poisonous substances; that tones up and cleanses the stomach, and restores normal, healthy action to all the organs. S. S. S. is the only blood medicine that is free from poisonous minerals. S. S. S., if taken in the earlier stages of Catarrh, will prevent serious Stomach and Kidney Troubles and Consumption.

OFFICIAL COUNCIL PROCEEDINGS.

The Common Council of the City of Fort Wayne met in the Council Chamber Tuesday evening, June 26, A. D., 1900, in regular session, His Honor, Mayor Scherer, in the chair, and H. B. Menning, Clerk at the desk, and present the following members, 15, viz.:

Bauer, Clark, Eckert, Ehrman, Haag, Hench, Hosey, Lennart, McMahon, O'Ryan, Scheid, Schubler, Schwartz, White and Zurbuch.

Absent, 5, viz.: Councilmen Borkenstein, Mohr, Gerding, Hayes, Miller.

The minutes of the last regular session having been delivered to the councilmen, were, on motion, approved as published.

PETITION.

To the Honorable Mayor and Common Council, City of Fort Wayne, Ind.

Gentlemen: It is not often that the citizens are called upon to petition your honorable body on behalf of public matters in which they are only indirectly interested, but in this case it is thought that it might not be out of place to ask that no further delay be had in the consideration of the interurban railroad franchise to the Indiana and Ohio Traction Co. now before you. The city of Fort Wayne is in need of such public facilities in order that it may keep pace with the other cities in the state; as property owners, that which helps the city indirectly helps us, and to that extent we are interested in pushing Fort Wayne to the front. It is not our desire that your duties be performed so hastily that the cities interested might suffer, but that it be disposed of as speedily as the conditions of the case will admit. It is generally conceded that the franchise now in your hands absolutely guards the city in the exercise of its future rights, and that the petitioning company is willing to accept of the franchise as it now is. That there will be objections by some can never be obviated, no difference how long you may put off the approval of the contract, and in the meantime opportunities for securing the necessary money for carrying out the project by the company may be lost. The undersigned believe that the council has acted honestly and fairly in the matter and that now it ought to pass it without delay. It has been demonstrated that no arrangements can be made with the Fort Wayne Traction Co. that will be satisfactory to the petitioning company, and longer efforts in that direction is a useless expenditure of valuable time. It is not on behalf of any company that we interest ourselves but on behalf of the general public and the growth of the city that we petition you.

Therefore, we ask that the council approve of the contract before it, without further delay.

John F. W. Meyer and 585 others.

Referred to committee of the whole.

COMPTROLLER'S COMMUNICATION.

FORT WAYNE, Ind., June 26, 1900.

To His Honor the Mayor and Common Council.

Gentlemen: I herewith submit to your honorable body request of board of public works for appropriation of $1,500 for bridges to be rebuilt on Shawnee Run. As I am not in position to tell today whether or not all of this money is needed, I would ask you to pass the ordinance on its second reading and refer the same to the committee on finance, bridges and city attorney to report at the next meeting.

Respectfully,
HENRY C. BERGHOFF,
Comptroller.

Referred to finance committee and city attorney.

PETITION.

FORT WAYNE, Ind., June 26, 1900.

Henry C. Berghoff, Comptroller.

Dear Sir: The late heavy rains have caused a great deal of damage to our small bridges throughout the city, particularly those in the southwestern portion of the city, some of them having been destroyed entirely.

In order to make the necessary repairs and to rebuild such small bridges as are absolutely necessary we are compelled to ask for an additional appropriation and we hereby request you to appropriate fifteen hundred ($1500) dollars and have same appropriated to the bridge account.

By order of the board of public works.
A. M. SCHMIDT,
Clerk.

Referred to committee on finance and city attorney.

To the Board of Public Works and the Committees of the Common Council and Commercial Club of the City of Fort Wayne.

Gentlemen: Pursuant to your request that the Fort Wayne Traction company submit to you a written proposition as to the terms and conditions upon which it would be willing to permit the cars of any and all interurban street railroads to come into or pass through the city of Fort Wayne over its tracks we beg to say:

1st. It is not practicable for this company to grant any such general right. It is impossible for the officers of this company to foresee all of the conditions that may arise in the future and intelligently to contract with reference thereto; but it is not difficult to foresee a condition of affairs under such a general grant as would seriously impair if not destroy the usefulness of the present system, as for instance the centering of several interurban roads on a part of the present system where there is at present inadequate facilities for doing the business of this company. It is therefore considered practical for this company to deal only with such interurban company as it may be organized, which it is willing to do upon such fair and equitable basis as exists between city and interurban railroads in other cities, having in view the then existing conditions.

There are, at present, two proposed interurban companies now asking to enter Fort Wayne, both of whom, through their promoters, say that they will not under any circumstances use the tracks of the present company, but out of deference to your request we beg to submit the following conditions upon which either or both of said proposed companies may use the Fort Wayne Traction company's tracks and power, being what is known as the overhead trolley method, on condition that such interurban road shall construct, equip and operate a line of street railroad from any incorporated city or town at least five miles distant from the city of Fort Wayne, viz.:

(1) All passengers brought into, passing through, or getting on the cars within the city of Fort Wayne shall pay the regular fare of five cents, to be collected by the agents or conductors of the interurban company, said fares to be recorded upon a fare register to be placed by the Fort Wayne Traction company in the cars of the interurban company, the gross amount of the fares so collected to be paid over to the Fort Wayne Traction company.

(2) In consideration of the fares so collected and paid, The Fort Wayne Traction company will extend to the passengers of the interurban company its transfer privileges to and from its various lines within the limits of Fort Wayne, and will pay to the interurban company the wages (not exceeding the maximum wages of its own lines) of the conductors and motormen of the interurban company for the time required in passing the cars of the interurban company over the lines of the Traction company, and in addition thereto, will pay the interurban company two (2) cents per car mile for the distance traveled by its cars over the tracks of the Traction company, such wages and car mile compensation to be deducted by the interurban company from the fares so collected.

(3) This company has no power, under the law, to carry freight or permit freight to be carried over its tracks. Nor is there at present any law granting such right to any street railroad. The right of carrying freight is given only to the ordinary railroads and can only be given by the legislature of the state. Common councils of cities have no authority to enlarge the powers of street railroads.

(4) But even the legislature cannot give street railroads such power without compensation to the adjoining property owner, if the court shall hold that by the carrying of freight a new and additional servitude is imposed upon the street or highway. However, should these interurban companies acquire the right to carry freight, express matter and mail, and operate any car and carry the same in portions of its passenger cars over the lines of this company the interurban company shall pay to the Traction company a proper pro rata share of such business, the same to be determined on the mileage basis or distance carried over the tracks of the respective companies. Should these interurban companies operate any car or cars exclusively for this class of business over the lines of this company, a similar arrangement will be made for a proper pro rata share of the proceeds of said business between the two companies. For the operation of all such cars, so exclusively engaged in carrying such freight, express or mail matter, the interurban company shall pay all wages of its own employes.

(5) All cars of the interurban company shall be required at all times to run at the same rate of speed as the cars of the Fort Wayne Traction company are run, and so as not to unnecessarily interfere with the same.

(6) In the event that such interurban company shall carry freight or express matter over this company's tracks, this company must be satisfactorily indemnified against all suits and demands of the adjoining property owners, and all expenses, costs and damages accruing or recovered against this company by reason of the carrying of such freight or express matter.

(7) This company shall also be satisfactorily indemnified against all loss and damage accruing or recovered against this company on account of the carelessness or negligence of any of the employes, or in the operation of the cars, of such interurban company.

(8) This proposition is on condition that this company shall be given by the proper city authorities proper facilities and the right to construct and operate an additional or double track on such lines as may be used by such interurban company or companies, and that a satisfactory contract shall be entered into between this company and such interurban company, properly safeguarding the rights and duties of both companies.

(9) This proposition shall not be binding unless accepted by such interurban company in writing within six months, and the road so accepting the same shall commence the building of its road within one year, and have the same completed for the distance hereinbefore mentioned within two years, from the date hereof.

Dated June 26th, 1900.

Respectfully submitted
BARRETT & MORRIS,
Attorneys for The Fort Wayne Traction Co.

MRS. GEORGE A. GALE IS DEAD

HIGHLY ESTEEMED LADY IS CALLED FROM EARTH.

Succumbed to Heart Failure This Morning—Other Mortuary Matters of the Day.

Mrs. Caroline Matilda Gale, wife of Capt. George A. Gale, died at her home, 100 East Wayne street, at 4:30 o'clock this morning. Death was due to heart failure and the news of her demise will be a severe shock to a wide circle of friends in this city. Mrs. Gale was a member of one of the old families of the city and was well known and universally esteemed.

For several weeks Mrs. Gale had been in poor health and at times her condition was alarming, but she rallied and friends were greatly encouraged. Then there was a relapse, but favorable conditions again appeared and even yesterday it was believed the patient was making progress toward recovery. About 2 o'clock this morning, however, there was a turn for the worse and she sank steadily until the end.

Mrs. Gale had reached the age of forty-seven years, seven months and twelve days. She was born in Adams county, Ind., and was the daughter of the late Christian Gable, but for many years had resided in Fort Wayne. There are no children. Surviving are the bereaved husband, her aged mother, Mrs. Mary Gable, of 40 Madison street; two brothers and one sister. The brothers are Peter Gable, of Joplin, Mo., and George A. Gable, of St. Louis. The sister is Ella Gable, of this city.

The deceased was united in marriage in this city to Capt. George A. Gale in 1873. For some years Mr. Gale was connected with the management of correctional institutions at Chicago and Pontiac, Ill., and during this time they resided in those cities. A few years ago, however, they returned to Fort Wayne and Mr. Gale erected a handsome home on East Wayne street, where the wife died this morning. Mrs. Gale was a devoted member of Trinity Episcopal church and her life was an exemplary one in which the attributes of noble womanhood were present to a marked degree.

The announcement of the funeral service will be made later.

LEONARD.

Hugh Benigan Leonard, the baby son of Mr. and Mrs. William A. Leonard, died at 5 o'clock this morning at the family residence, 34 Center street, from cholera infantum. The little one's age was 1 year, 4 months and 20 days.

Funeral services will be held from the Cathedral Friday morning at 9 o'clock.

BROWN.

Wilton Henry Brown, aged 17, a student at the Indiana School for Feeble Minded Youth, died at the institution Tuesday. The remains were taken to Dunfee this morning and the funeral services held at that place.

FUNERAL ANNOUNCEMENTS.

Schroeder. The funeral services of John Schroeder will be held Thursday morning at 8:30 from the residence, 21 Charles street, and at 9 o'clock from St. Peter's Catholic church.

We take great pride in having the right kind of goods for your boy. We have just received 200 linen knee pant suits, which go at $1.50 and $2.00.

THE MINISTERS SAFE

(Continued from First Page.)

destination in the Philippines.

It is expected that the transport Grant, with General Chaffee on board, will arrive at Nagasaki about July 28, which would insure his arrival at Taku by the 1st of August.

CAUSES APPREHENSION.

In well informed diplomatic circles the news that the foreign ministers have left Pekin for the north under a Chinese escort is regarded with some apprehension.

It is presumed, of course, that the escort is composed of imperial troops, but a feeling of unrest is induced by the evident fact that, in the present circumstances, even the imperial troops are not absolutely to be trusted.

Indications are abundant that they, too, are imbued with the anti-foreign sentiment which has found its open exponent in the boxers. While no fear is expressed that the personal safety of the diplomatic representatives of foreign governments is endangered, the intimation is conveyed that they may be held as hostages.

If this should be true, the troops accompanying them would be rather a guard than an escort.

WAS HELD AS HOSTAGE.

Diplomatic representatives of foreign governments here have received, so far as known, little news from their governments with respect to the situation in China.

While some meager reports have reached various legations, the difficulty of obtaining accurate information is embarrassing all governments interested in the trouble in China.

CHAFFEE HAS STARTED.

Washington, June 27.—General Chaffee, who has been ordered to command the American troops in China, left Washington at 10:40 this morning for San Francisco, accompanied by Lieutenant Harper, his aide.

He is due at San Francisco at 5 o'clock Sunday morning and sails for Nagasaki on the transport Grant with the Sixth cavalry the same day.

REPORTS CONFLICTING.

London, June 27.—2:03 p. m.—The cable messages from the far east today are so conflicting in their tenor that almost any desired view of the situation is deducible therefrom. On the whole, however, the news is encouraging and it seems safe to assume that Vice Admiral Seymour and the legations, whether close together or separately, will ultimately reach a place of safety. Various reports locate the legationers at divers places, but is seems agreed that they are safely away from Pekin.

The latest Shanghai report says Prince Tuan, the head of the Chinese foreign office and father of the heir apparent, has sent the legation to Sian-Fu under escort, and adds that Sian Fu will be the new capital, in the event of Pekin being occupied by the international forces.

Admiral Seymour, it is asserted, succeded in getting a message into Tien Tsin Monday, according to which he was about ten miles westward, terribly harrassed, could only hold out another two days and had sixty-three killed and over 200 wounded. He did not mention the ministers or others from Pekin.

CAN NOW REACH PEKIN.

It is thought at Shanghai that now that Tien Tsin is relieved the combined international forces will have no great difficulty in reaching Pekin, though it is expected it will be found that all the foreigners have already left.

It is claimed that the reports as to the damage done at Tien Tsin and the casualties among the foreign residents have been slightly colored. The exodus of Chinese from Shanghai is unabated. Every steamer is thronged and the authorities have been obliged to resort to the use of fire hose to prevent the fugitives from over-crowding the vessels.

The commander of the British first-class cruiser Undaunted, however, has landed large supplies of revolvers and ammunition and guns have been placed in position at commanding points, with the result that the foreigners are confident they can overcome any attack on the settlement into which the foreigners from the out stations are rapidly congregating.

According to dispatches from New-Chwang the Russians there are barely able to cope with the situation.

KILLING RUSSIANS.

The Chinese, it appears, are burning all the railroad material, killing isolated Russians at every opportunity and destroying the coal mines.

The St. James Gazette expresses the opinion that China is teaching America the impossibility of a great trading nation avoiding imperialism, adding: "America's experience will teach her that is not the desire to grab distant lands, but unavoidable destiny that drives Great Britain ever forward. Washington has no choice but protect the imperilled American citizens and having once interfered in China to protect her interests she shall never be able to shake from her shoes the dust of the celestial empire."

RELIEF FOR TIEN TSIN.

London, June 27.—The parliamentary secretary of the foreign office, Mr. William St. John Broderick, in the house of commons today, said he was at last able to announce the receipt of information of the relief of Tien Tsin. He added that the government had received two telegrams. One from the British consul at Tien Tsin, wired June 23, by way of Che Fu, June 27, announced that a British column, under Major Maurice, of the Welsh fusiliers, and a naval brigade, under Commender Craddock, had arrived at noon, 550 strong. The message also said that 1,500 Russians were reported to be at the Tien Tsin railroad station and that 150 Americans and fifty Italians had also arrived. The second telegram was from Rear Admiral Bruce, dated Taku, June 25. It added to the above that Vice Admiral Seymour was reported to be ten miles from Tien Tsin, hampered with sick and wounded, and engaged with the enemy.

THE FIGHT AT TIEN TSIN.

London, June 27.—A special dispatch from Che Foo says:

"The fight of the allied forces against the combined boxers and Chinese soldiery barring the road to Tien Tsin opened at daybreak. One hundred and fifty Americans were among the 2,000 international troops. The Chinese soon broke under heavy shelling and then the arsenal was attacked and then were gradually silenced. The fight was practically over at noon. The keen, friendly rivalry for the honor of first entering the city resulted in the Americans and British going in neck and neck, with the others close up."

THREATENED RISING IN SOUTH.

London, June 27.—A fresh phase of the ebullition in China is the probability of immediate outbreaks in the great southern provincial centers. The populace there is daily assuming a more hostile attitude towards foreigners, and the latter perceive symptoms of a general rising, especially at Nanking, where, according to a dispatch to the Daily Express, dated yesterday, Kang Wu, one of the most truculent enemies of foreigners, has arrived, by way of the Grand Canal, armed with full powers from the empress to deal with the southern provinces. The friendly attitude of Viceroy Liu Kun Yih toward foreigners has brought him into disgrace with Prince Tuan, president of the Tsung-li-Yamen.

UNREST SPREADS TO CANTON.

The unrest at Canton is described by a dispatch from that city to the Daily Telegraph, dated Monday, via Hong Kong, yesterday:

"It is feared that we are on the eve of a scene of bloodshed and anarchy in the two Quangs only paralleled during the Tai Ping rebellion. The signs of a murderous uprising are so manifest that wealthy Chinese are hurrying from Canton and vicinity, taking their wives, families and valuables.

LI HUNG CHANG IN PERIL.

"Li Hung Chang has again been peremptorily ordered to Pekin. His enemies declare that they will murder him before he can reach there. His presence alone restrains the revolutionary elements here. His departure will let loose the 'black flags' and 'red girdles.' Knowing this, Li's trusted officers are sending their families to Hong Kong.

"The viceroy himself trusts the Americans in this crisis. He says that they alone want no territory, and he places himself largely—almost unreservedly—in their hands. At an important conference today he reiterated this statement.

"All the missionaries have been notified of the eminent peril through confidential runners. They are leaving Canton hurriedly, and only a few are now here.

MORE CHRISTIAN MURDERS.

Shanghai cables that the French consul there has received a cable from Shan Tung, asserting that 11,000 Chinese troops are making a forced march from Shan Tung to Pekin.

Two Jesuit fathers and 100 native Christians have been murdered in the southern part of the province of Chi-Li.

The Fort Waynes are now leading the Inter-State league race and Wheeling for the first time in weeks is not in front. The Stogies came here to play a transferred series with never a thought that Fort Wayne would win them all and take the lead in the race. But, through better ball playing on the part of Fort Wayne, an unusual distribution of luck and two or three decisions in their favor, Fort Wayne did succeed in winning the trio of games and for the first time since the first week of the season leads all the teams in the race for the pennant.

Swaim and Skopec were opposed to each other in the beginning of yesterday's game. but "Cy's" arm was ailing and at the end of the third inning, after three runs had been scored, Manager Miller sent Swaim to the bench and called Harper to the box. The change was a lucky one and not another Wheelingite succeeded in reaching the home plate, and only three hits were made by the Stogies in the last three innings. Skopec started well, but weakened after the fourth and the Hoosiers had little trouble in winning out, not because they batted the left-hander so hard, but because of his wildness and poor fielding in his position and the very poor throwing of Ritter.

Wheeling scored in the second inning on Taylor's single and Belden's failure to hold Pequinney's long fly, which he attempted to capture in one hand. Rothermel reached first on balls and Taylor scored on Ritter's fly to Belden. Fort Wayne scored a run in the second on Miller's base on balls, sacrifices by Belden and Hollingsworth and Babb's single.

In the third inning the visitors took the lead. Meany singled and reached second on Swaim's wild throw to make a double play after he had captured Congalton's little fly. Lyons' two-bagger scored Meany. The heavy second baseman advanced on a wild pitch and scored on Turner's single. Hollingsworth fumbled Taylor's grounder, but recovered in time to throw the runner out, but Caruthers said he was safe. A pretty double play by Babb, Hollingsworth and Brashear ended the inning and the last Wheelingite had scored for the day.

Fort Wayne scored three runs in the fifth inning on two bases on balls, a fielder's choice, Skopec's error and Brashear's pretty single. Letcher also singled but was caught at second on one of his very foolish attempts to steal a base.

Another Hoosier tallied in the sixth on a base on balls, fielder's choice and Hollingsworth's single.

Another base on balls, a stolen base, Ritter's wild throw and Letcher's two-bagger scored Brashear in the seventh.

A base on balls, two singles, a fielder's choice, errors by Skopec and Ritter, two stolen bases and a wild pitch allowed Fort Wayne to score three runs in the eighth inning, the last runs of the game. Score:

NOTES OF THE GAME.

Flood made three hits, one a two-bagger, in the game yesterday and accepted five out of six fielding chances.

Stahl made two hits, two runs, stole a base and captured three flies in the game yesterday. One of his hits was for three bases.

The Inter-State league race is the most interesting in its history at this season of the year. Four games lost might put the leader in fourth place.

Fort Wayne went to Dayton early this morning and will play three games in the Gem City, returning Saturday to begin a series of four games with the Old Soldiers. No matter what the result of the games at Dayton there should be a big attendance at Saturday's game.

The Sentinel today presents what is believed to be the correct standing of Inter-State teams. The first three games are right, anyhow. The Mansfield News, Pittsburg Dispatch and Columbus papers print the standing as it appears above, except that these papers count the Wheeling-Columbus forfeited game.

Caruthers made a few mistakes in his decisions on balls and strikes and Fort Wayne was given the short end of two or three close base decisions. Some persons in the bleachers and grand stand halloed and hissed at the umpire for his work. This was wrong. Caruthers is impartial in his mistakes and is bound to make them, and it would indeed be deplorable were Fort Wayne audiences to become as ungentlemanly in their actions as are the rooters in Toledo, Wheeling and one or two other cities. Remember that the umpire is paid to be impartial, while the average rooter is always prejudiced and more liable to see a play wrong than is the umpire.

President Power's ruling that the Wheeling forfeited game to Columbus should not count is undoubtedly right, and the Fort Wayne management will probably uphold him in it. There was no regular umpire at Columbus when Wheeling failed to appear, and President Riley held a conference with himself and appointed Pete Daniels to act. Pete gave the game to Columbus 9 to 0 after Streit had pitched a couple of balls over the plate. Had the regular umpire or an authorized substitute made the decision it would stand, even though Wheeling offered all kinds of excuses. There is every reason why the game should be given to Columbus, but it should be by a vote of the board of directors and not by the action of a ball player. The game shouldn't count now, but the league should take some action to make it count as a defeat for Wheeling and a victory for Columbus.

Mansfield News: "Fort Wayne succeeded in beating Poole, the $10,000 Wheeling wonder, yesterday. That Fort Wayne aggregation would succeed in beating the best pitcher that ever stood in shoes at some time.—A local 'fan' wants to know of the sporting editor of the News how the work of Belden, the left fielder for the Fort Wayne team, compares with that of 'Scraption' Beecher, of the Mansfield team. It doesn't begin to compare. Belden has Beecher beat, not one mile, but about four miles. Up to last Saturday's game Beecher had made only about a couple of hits in the last month or so. According to Mort Dittenhoefer's official averages Beecher was batting .200 even. This is not very strong for an outfielder, to say the least. On the other hand, the last reports from Fort Wayne were to the effect that Belden's batting average is close to the .400 mark."

THE MARKETS.

Chicago, June 26.—The wheat market today opened easy, but turned firm after the dip. July opened unchanged to ¼c higher at 82c to 82¼c, sold off to 81⅛c, and then recovered sharply to 83⅛c. Liverpool opened weak and this, together with pressure from longs, was influential early. Cables later showed considerable recovery. Renewed buying by the northwest and local covering caused the rally. Receipts here were 90 cars, 3 of contract grade.

July later rallied to 81½c, slumped to 83¼c and then recovered to 83¾c, closing firm, 1⅝c over yesterday at 83⅝c. Receipts at Minneapolis and Duluth were 244 cars, against 351 last week and 401 a year ago.

Corn was strong and active after a period of halting because of the wheat dip. July opened ⅛@¼c over yesterday at 41½@41⅝c, eased to 41⅜@41½c, and then rallied to 42½c. Receipts here were 519 cars. Country acceptances were reported light and there were some damage claims from the northwest.

A heavy cash demand was an influence in corn. Cash bids were reported 3c over July. July touched 43⅞@43½c and closed strong, 1⅜c over yesterday at 42¼c.

Oats opened easy with wheat. July ⅛c to a shade lower at 21⅞@25c. The market touched 24¾c and then, helped by the wheat rally and the corn strength, recovered to 25¼c. Receipts here were 220 cars.

Provisions were strong and active. The hog market was firm and there was a fair demand from an influential packer. July pork opened 12½c higher at $12.40 and advanced to $12.65; July lard 10c up at $6.90, rallying to $6.97½, and July ribs 7½c improved at $7.05, advancing to $7.15.

THE DAY ON WALL STREET.

New York, June 27.—Advances were general in the local stock market at the opening with the tendency due to a sharp rise in Americans at London, which was based on the encouraging news from China. The home improvements, however, were not as extensive as in London, but were nevertheless a uniform large fraction. In the specialties Brooklyn Transit rose 1⅛, which, however, was cancelled in less than a few minutes. Tennessee Coal advanced 2 points, but other Steel issues were neglected. Sugar rose sharply and then reacted, and Baltimore and Ohio also lost a good gain. The general market was not disposed to follow the reaction of some of the leading stocks, and worked steadily upward with conspicuous strength in the Pacifics. Purchases of the Grangers were made with greater confidence, Burlington being the favorite. Recoveries of better than the opening level were made by Sugar, Baltimore and Ohio and Brooklyn Transit, but were not fully maintained, the latter reacting a point. Consolidated Gas and Brooklyn Union Gas advanced 1½ and 2¼ respectively. Toward 11 o'clock trading became dull and generally easier. Moderate buying of the Steel stocks advanced the group, Federal Steel rising 1⅛. Anaconda also gained 1⅛. Republic Steel preferred was a notable exception, reacting over a point. In other stocks there was little of interest aside from the marking up of Brooklyn Transit and weakness of Sugar.

Bonds were quiet and firmer.

DITCH KNOCKED OFF

NOTABLE VICTORY FOR FORT WAYNE ATTORNEYS.

Judge Gillette, at Valparaiso, Decides Against Kankakee River Drainage.

Judge Allen Zollars and Attorney N. D. Doughman have returned from Valparaiso, where they won a notable victory in the Porter circuit court yesterday. Judge James H. Gillette decided against the construction of the Dixon W. Place ditch, a big system of drainage that has been hanging fire for more than two years. Mr. Zollars represented the Pennsylvania Railroad company and Mr. Doughman appeared for the Nickel Plate.

The projected ditch was to be about forty miles long, and the idea was to deepen and straighten the Kankakee river, as well as to drain a large lake. The Nickel Plate railroad had been assessed $2,200 benefits, and the Pennsylvania company $3,600 for the improvement. The historic attempts to remove the rocks in the Kankakee river at Momence, Ill., by blasting, cut a big figure in the case, for in his ruling Judge Gillette held that under present conditions there was not sufficient outlet for the ditch if it were constructed. Another point made by the attorneys for the remonstrants was that the ditch proposed to cross a section of state land, and that the court had no power to order the construction of a ditch across state property without an act of the legislature. More than $5,000 of accrued costs in the matter will now have to be paid by the petitioners for the ditch.

WILL BE WEDDED TONIGHT.

A pretty wedding ceremony will be solemnized in this city this evening when Thomas Snook, the well known contractor, will be united in marriage to Miss Belle Geake at the home of the bride on West Jefferson street. SIX MORE CLERKS

AGENT KIRKLAND MAKES ADDITION TO FORCE.

MILEAGE BOOK LITIGATION

COURT DECIDES IN FAVOR OF RAILWAY COMPANY.

A FAST RUN ON THE WABASH

HEAVY TRAIN TRAVELS 270 MILES IN SIX HOURS.

Agent Kirkland, of the Pennsylvania's freight department, has added six men to his clerical force. They are G. R. Eaton, M. W. Calbeck, T. F. Kelley and Ed T. Jackson, of Chicago, and S. Wallace, of Findlay. With the exception of the latter, these gentlemen have been in the service of the company at Chicago for some time and are transferred here as a result of the new arrangements for handling westbound freight. Mr. Eaton was engaged in newspaper work before he entered the employ of the Pennsylvania company and was once a reporter on the Chicago Herald. Mr. Jackson is a Fort Wayne boy, being the son of the late Engineer William Jackson, who for many years manipulated a throttle on the Pittsburg road.

NEW COMMERCIAL AGENT.

General Superintendent Finney, of the Findlay, Fort Wayne and Western road, was in the city today, introducing to the business men and manufacturers Harry F. Hall, who has accepted the office of commercial agent of the company. Mr. Hall comes from the El Paso and Northeastern road, in New Mexico. Formerly he was employed in the auditing department of the old D., T. & M. road, and his experience, coupled with energy and ability, assure a successful administration of the duties of the office he now assumes.

BIG CROWD FROM FINDLAY.

The teachers and children of the Methodist Sunday school of Findlay, Ohio, and a number of their friends, are enjoying an outing at Robison park today. The party came in this morning at 10 o'clock on a special train and it required six cars to haul them. It is estimated that there are fully 400 persons in the party.

CHANGE AT THE EAST YARDS.

Fred Thiebold, for some time day caller at the east yards of the Pittsburg, has become a switchman and H. F. Reiter is now the day caller. The latter was formerly a brakeman on the road, but had an arm injured several months ago and is incapacitated for road service.

RIGHTS OF TICKET HOLDERS.

Two important decisions have just been made by the courts on the rights of holders of railroad tickets and of the railroads. The question as to whether a railroad company has the right to confiscate a mileage ticket if presented for passage by anybody but the original purchaser has been decided in the affirmative by the supreme court of New Hampshire. The plaintiff in the case was accustomed to rent out mileage books at an advance on the price which he paid the railroads for them. A conductor of the Maine Central railroad took up one of those books which was presented by a passenger who purchased it from the plaintiff, and he brought suit to recover the amount he originally paid for the mileage book. The supreme court denied his right to recover, holding that the conditions on which the mileage book was issued were not contrary to law or public policy, and that, having violated the conditions, the law affords the plaintiff no relief.

The supreme court of Kansas has just rendered a decision adverse to Thomas Dangerfield, who started two years ago from Kansas City to Ireland. He bought a scalper's ticket to Kansas City and the Topeka conductor honored the ticket, but the one east of Kansas City took it up and demanded that Dangerfield pay his fare. The passenger refused and was put off the train. He sued the company for $10,000 damages. The district court of Osage county threw the case out on a demurrer and Dangerfield appealed to the supreme court. In affirming the decision of the lower court the supreme court held that Dangerfield, not being the original purchaser nor having complied with the conditions plainly printed upon the ticket, was not entitled to ride upon the same; that the conditions of the contract were not waived and the railroad company was not estopped to refuse the ticket because the agent of the company to whom it was first presented did not discover the imposition, and when the discovery was made the company had the right to refuse to carry Dangerfield further and upon his failure to pay his fare to require him to leave the train.

NEW CONSTRUCTION COMPANY.

The New Albany Tribune publishes the following concerning an enterprise which was briefly mentioned before in the Fort Wayne papers: "The General Construction company, which will have its headquarters at Fort Wayne, Ind., has been organized with $40,000 capital. Articles of incorporation will be filed with the secretary of state at Indianapolis today. The organizers are H. M. Geiger, Fort Wayne, Ind.; W. H. Watson, Charlestown, Ind., and Thos. W. Perry, of Jeffersonville, former councilman. In addition a well known Louisville business man and one member each from Indianapolis and Fort Wayne are among the incorporators. The object of the company is to build electric light plants, waterworks plants and street railway lines and also to buy and reconstruct such institutions. A local office will be established at Jeffersonville. All of the incorporators are well known in business circles."

FROM STORE TO SHOP.

Herman J. Miller, for fifteen years a clerk in the Fruit house, this morning assumed a clerical position in the shipping department of the electric works. Some days ago Charles T. Schaefer was appointed acting chief shipping clerk to succeed John W. Hall, who was transferred to the main office, and it was to fill the vacancy thus created that Mr. Miller entered the service of the company. There has been no official notice of the appointment of Mr. Schaefer to the office he now holds, but the appointment of his successor in the other position is taken as indicating a determination on the part of the superintendent to make Mr. Schaefer the permanent assistant shipping clerk.

FAST RUN ON THE WABASH.

A special train carrying the Marquette club from Chicago on its way to the republican convention at Philadelphia established a new heavy-train speed record on the Chicago-Detroit division of the Wabash on the 16th inst. The train consisted of five sleepers, one dining car, one baggage car and one coach—eight cars in all—and it covered the 276 miles between the two cities in six hours, including all stops. The engine hauling the train was one of the new Baldwin compound locomotives recently put into service on the road. The run is considered very creditable, when the weight of the train is taken into consideration.

Indianapolis Journal: "It has leaked out that W. S. Weed, traffic manager of the Toledo, St. Louis and Kansas City, is on the slate with Benjamin Norton. Mr. Norton is to be president and the traffic manager is to be general superintendent."

Joseph A. Bursley, a student in the mechanical department of the Pennsylvania, left at noon today for Philadelphia. He will sail in a few days from that city for Europe, expecting to spend two months abroad, including a visit to the Paris exposition.

Ora Smith, the Grand Rapids brakeman who was so severely injured by falling from a freight car some time ago, is again able to be about. Mr. Smith has made a remarkable recovery, as the injuries he received would ordinarily incapacitate a man for several weeks.

W. A. Sprott, Wabash division freight agent; R. A. Houghton, road supervisor; W. H. Coleman, of the Vandalia, and J. C. Wallace, of the Santa Fe, were among the railway men who visited the city today. Messrs. Coleman and Wallace are traveling freight agents.

The roads out of Chicago are now charging excess for the first time on all passenger trains scheduled at a rate faster than twenty-eight hours between Chicago and New York. This disposes of a subject that promised to create a serious disturbance between the New York and Chicago lines.

The National Association of Railway Agents will hold its fourth annual convention at Detroit July 21 to 27. A number of interesting topics are to be discussed and the program of entertainments is an elaborate one. W. D. Wilson, of Indianapolis, is president of the association.

General Foreman J. H. Bedson, of the Nickel Plate round house and shops, is enjoying a sojourn at Hotel de Balzer, on a pretty lake near Rochester, Ind. Landlord Balzer was formerly employed as engineer on the Nickel Plate and resided in this city. He is enjoying a good patronage at the resort and is probably making money.

Flagle, engineer on the Lake Shore.

The Grand Trunk has marked up to its credit a record of 640 miles in twenty-two hours and two minutes, made by a special train from Chicago to Montreal, via Port Huron, London, Hamilton and Toronto. Deducting stops of one hour and fifty minutes makes the actual running time twenty hours and twelve minutes, or an average of fifty-three miles an hour for the entire distance.

After a two years' service in the United States army in Cuba and the Philippines, F. M. Butcher is again a member of the Pennsylvania police department and will have headquarters at Lima. Capt. H. Stoll promised Mr. Butcher his old place whenever he tired of soldier life and he now fulfills that promise. Mr. Butcher has a good record both in the service of his country and the Pennsylvania company.

Generous Pure Food Co., Le Roy, N. Y.

Dear Sirs:—Some days since a package of your GRAIN-O preparation was left at my office. I took it home and gave it a trial, and I have to say I was very much pleased with it, as a substitute for coffee. We have always used the best Java and Mocha in our family, but I am free to say I like the GRAIN-O as well as the best coffee I ever drank.

Respectfully yours, A. C. Jackson, M. D.

THE YEAR'S WORK IS ENDED

COMMENCEMENT EXERCISES AT CONCORDIA COLLEGE.

Twenty-Three Young Men in the Class of 1900—A Great Crowd Present.

CLASS OF 1900

W. Baer, Cleveland, Ohio; A. Barz, Meridan, Conn.; A. Brunn, Oak Glenn, Ill.; H. Burmeister, Schenectady, N. Y.; O. Fedder, Hammond, Ind.; C. Gross, Fort Wayne, Ind.; M. Guemmer, Friedensberg, Mo.; A. Houser, St. Louis, Mo.; J. Held, Canada; W. Henkel, Julietta, Ind.; F. Huesner, Fort Wayne, Ind.; A. Kirchofer, New York city; C. Koerber, College Point, N. Y.; C. Krotke Pontiac, Mich.; A. Lussky, Ottawa, Ill.; G. Mueller, St. Louis, Mo.; S. Mueller, Farmer's Retreat, Ind.; H. Petersen, Germany; M. Schelps, Peru, Ind.; T. Schroeder, Kankakee, Ill.; T. Sorge, Cleveland, Ohio; A. Wahl, Canada.

Another year of splendid work at Concordia college was brought to a close by the annual commencement exercises held Tuesday evening, and the college chapel was filled to overflowing with admirers of the class of 1900 and friends of the magnificent old educational institution. Shortly after 8 o'clock the twenty-three talented young men who comprise the class of 1900 marched into the chapel and took their places upon the stage. A male quartet of class members opened the exercises with the song, "Welcome Tonight," and their rich, sweet voices blended in perfect harmony.

Rev. C. Gross, in his salutatory, told of the magnitude of the work necessary to reach the exalted position of a graduate from Concordia; he traced the pupil's course from his entrance at the doors of the college through the toil and the pleasures that mark the path of the successful student. Rev. Gross admonished the young men that as they left the college they were to encounter the first really difficult portion of life's journey, and after a tender expression of interest in their future, appealed to them to continue in paths of industry and upright conduct through life.

The piano duet, "Qui Vive," by M. Henkel and Mr. Wahl; the trio, "Medication," by Mr. Henkel, Mr. Wahl and Mrs. Brunn, and "Ora Pro Nobis," a bass solo by Mr. Burmeister, were each competently rendered and warmly applauded, but the young men declined to respond to encores. The Latin recitation by S. Mueller, and the Greek recitation by Mr. Henkel also came in for their full share of commendation.

T. Sorg scored a decided hit with his presentation of President Kruger's address to the Boer army, for he gave it most admirably, and the applause was earnest and continued. Mr. Lussky gave a German number and Mr. Brunn's violin solo was skillfully done. They were followed by the quartet in a lullaby, and Mr. Brunn, the class valedictorian, arose to speak the parting words for the class of 1900. Mr. Brunn took a happy view of the past and a hopeful look at the future, and his clever humorous thrusts were vociferously applauded. The closing number, the class song, was heartily given by the entire class. As its blended harmony died away it marked the official close of the college year and told of a new class added to the proud alumni of Concordia.

FATHER DENK RESIGNS.

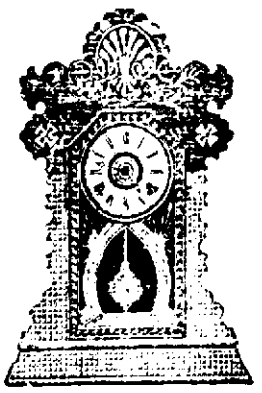

Bluffton News: "Rev. Father Denk, priest of the Bluffton Catholic church, has resigned his position much to the regret of his members and friends here. This course has been taken by him owing to poor health and for some time he has been confined to the Fort Wayne hospital with lung trouble. As yet no one has been appointed to fill the vacancy. Father Gueullette, administrator of the diocese of Fort Wayne, has the appointing power and the church expects to have a new priest in two or three weeks. The serious sickness of Father Denk is to be regretted, as he was popular with his congregation and a strong advocate of principles that would better the condition of the human family. It is to be hoped that his health may be speedily restored."

WANAMAKER A VERY SICK MAN

THE GREAT MERCHANT ILL AT HIS COUNTRY HOME.

Is Suffering From Organic Trouble—Condition Dangerous, but the Best is Hoped.

Philadelphia, Pa., June 27.—Ex-Postmaster General John Wanamaker is lying seriously ill at his country residence, in Jenkintown, and aside from his physicians only the members of his immediate family are permitted to see him.

He is suffering from organic trouble, and while Drs. Tyson and John E. Weaver, who are attending him, do not regard his case as necessarily dangerous, they say he is a very sick man. Last evening he was said to be slightly improved and his ultimate recovery is looked for.

Mr. Wanamaker's physical condition has not been of the best for several months and of late his health has failed so much that he was compelled to suspend his work and remain at his home, waiting for rest and careful attention to effect a cure.

Last winter Mr. Wanamaker suffered severely from carbuncles, or boils, that broke out on his neck, several of which were removed. This indicates a run-down system, but as soon as he was able to again be about he plunged into the whirl of his busy life, which he continued until forced to take to his bed again.

ORGANIZE A DRUM CORPS.

To accommodate those who are partial to the use of atomizers in applying liquids into the nasal passages for catarrhal troubles, the proprietors prepare Ely's Liquid Cream Balm. Price including the spraying tube is 75 cents. Druggists or by mail. The liquid embodies the medicinal properties of the solid preparation. Cream Balm is quickly absorbed by the membrane and does not dry up the secretions but changes them to a natural and healthy character. Ely Brothers, 50 Warren St., N. Y.
